X. What Inefficiencies Did We Identify/What Are Our Next Steps?

- The library owns three adjacent lots. A community survey can help understand district needs.
- The library's emergency policy manual hasn't been reviewed since 2014. Given the recent bomb threats, extreme censorship groups, and potential power plant closures in Braidwood, it might be time to revise the manual.
- Renovating the teen area by enclosing the patio and attaching it to the main building.
- Accessibility improvements by the east side of the building, researching available grants through ALA and RAILS.

XI. Studies on Governmental Efficiencies

- In preparing this report, we reviewed several studies on local government efficiency. These studies show that the average local government in Illinois serves 1800 residents compared to the national median of 2850 individuals.
