Christmas Messages from Durissy and Les Palmes

Dear Benefactors.

In a few days, we will remember a wonderful and salutary event which marked the history of our humanity: The nativity of Our Lord Jesus. Christmas

invites us to welcome, contemplate, adore the divine Messiah. We give thanks to the Lord for His compassion, His love, His closeness towards us. God come to share our humanity in the goal to help us to participate in his divinity. What a wonderful exchange. Glory to You O Lord!

Today we discover the presence of God in the people we love and who also love us; in the people who make our faith grow, support our spiritual and material projects, people who pray for us and for them too we pray incessantly. The people we are talking about here are you. You help us grow and carry out our pastoral mission among a poor people in search of happiness. You support the education of our students to build their mind and make them to be successful in life. Your annual support is doing wonders for Durissy. Several hundred students attend school and classrooms are equipped with technological devices for their learning, Children receive a daily meal to keep strong their body and their mind to study. On behalf of the children of Durissy, be thanked for your various donations which help to promote the education of our brothers and sisters in Durissy. Please continue to help us; God is not ungrateful He will reward your generosity and we will always be grateful to you.

May this Christmas 2023 be joyful to you, and I also wish you Happy New Year 2024. Be assured of our fervent prayers and may God bless you abundantly.

—Fr Anis Yves

Dear Friends,

Merry Christmas!

Sharing these videos and pictures is a way to let you what happening in Les Palmes.

Thank you for all your support .

Without we couldn't realize these parties. May God bless you more.

Merry Christmas!

—Fr Roud Sauveur
