

# DIGBY MOONBOOTS LYRICS

Come on, Digby, let's go on an adventure, said Kay,  
Strap on our moon boots, the fun starts today!  
Red and Tiger are already on their way,  
The sun's rising high, it's a brand new day!

Can you feel it? The thrill of the ride,  
Through the clouds we'll soar, and we won't hide!  
MEOWW!!! Digby shouts with a grin,  
"Let's go on our adventure, let the fun begin!"  
Mission Blaster 3000, off we go,  
Higher and higher, we're flying through the glow!

We're pushing the hatch, with all our might,  
Free to explore, to the moon, take flight!  
Jumping higher than ever, we're up in the sky,  
The complex is waiting, let's give it a try!  
Catch us if you can, Red calls from afar,  
Not if I catch you first, Kay's ready to spar!

MEOWW!!! Digby shouts with a grin,  
"Let's go on our adventure, let the fun begin!"  
Mission Blaster 3000, off we go,  
Higher and higher, we're flying through the glow!

WOOF! Tiger leaps, a blur in the air,  
Through the clouds, like we haven't a care!  
Today's the day, we're free to explore.  
Moon boots on our feet, we're ready for more!

MEOWW!!! Digby shouts with a grin,  
"Let's go on our adventure, let the fun begin!"  
Mission Blaster 3000, off we go,  
Higher and higher, we're flying through the glow!  
Adventure's waiting, come and see,  
We're soaring high, wild and free,  
Mission Blaster 3000, the sky's our friend,  
Let's keep exploring, it's a journey with no end!
