WHO WE ARE

Temperature Control Systems (TCS), a Kele Company, was established in 1975 and is a multi-branch, full-line stocking distributor with hubs in the Dallas/Fort Worth, Austin, Tulsa, and Oklahoma City regions.

TCS carries industrial HVAC controls, burner and boiler controls, and building automation systems (BAS). Acquired by the Kele Companies in 2019. TCS has since expanded and enhanced its ability to serve customers by providing access to 3M+ parts from over 400+ suppliers.

As a growing powerhouse in HVAC controls and BAS distribution and solutions, TCS strives to be the one-stop value-added shop that serves YOU! With the support and partnership from the Kele Companies network, we know that anything you need we can supply.

BUSINESS AUTOMATION SYSTEMS

Temperature Control Systems is the premier controls distributor in Texas and surrounding areas. We specialize in HVAC control parts and business automation system controls (BAS). We provide innovative, cost-effective control solutions and web-based facility integration designs across a spectrum of facility types, including commercial buildings, schools, universities, government facilities, retail restaurants, and locations. Whether your needs are basic replacement control components or a fully integrated solution, we provide the technologies and support from the field device to the enterprise layer.

SOLUTIONS MADE TO ORDER

There's no such thing as a "single solution" for every application or every customer. We have access to a broad range of parts and services that can be provided quickly and on your schedule. Whether big or small, Temperature Control Systems is committed to supplying you with the solutions you need to win on the job site. TCS stocks and partners with quality brands like Honeywell, Siemens, Johnson Controls, Tridium, Functional Devices, and many more to do just that.

EXTENSIVE INVENTORY

- Industry's largest stocking distributor
- 3M+ items, 10,000+ SKUs in stock, 400+ brands, 27 product categories

VALUE-ADDED SERVICES

- Project services
- Calibration and assembly
- Technical support
- Custom panel shop

TRAINING OPPORTUNITIES

We proudly host both in-person and virtual training. We specialize in commercial HVAC systems, building automation, BACnet, and so much more. As a premier controls distributor, we have strong relationships with popular brands and suppliers that often host classes at our Temperature Control Systems regional locations.

- Niagara Certification Class
- Burner Control Systems
- Complete HVAC Control Systems
- Gas Regulators
- Vykon by Tridium
- Johnson FX Facility Explorer Certification Class
- ProLon Systems
- Belimo
- Honeywell WEBs Certification Class
- Pneumatics

Learn from industry experts • Quality for certification in selected fields • Received follow up support

ADDITIONAL EVENTS

- Webinars
- Lunch and Learns
- Safety Meeting Presentations
- Formalized Certification
- Manufacturer Provided Training
- New Product Roll Out
- Customer-Specific Training
- Private Training
- 1 on 1 training

LINE CARD

3M+ Parts in Stock | 300+ Suppliers | Same-Day Shipping

888.397.KELE (5353) | kele.com

Same-Day Shipping

Need parts fast? Kele offers same-day shipping on orders of in-stock parts entered by 5:00 p.m. Central and 2-Day Delivery to the majority of the U.S. on most in-stock parts.

Kele.com e-Tools

Use My Project Portal to upload a full BOM or list and check out quickly. See recommended alternative and typically required parts. Track your order. And chat live with a sales rep for help!

Panel Shop

Kele's UL508A-listed shop has built custom panels for 30+ years. We offer diagram proofing, in-house calibration and testing, and job-site delivery on your schedule, saving you time and labor costs.

Project Sourcing

Kele can fulfill your entire BOM. We can consolidate your order into one package, label, stage, and ship based on your schedule. One PO.

One invoice. One source.

Technical Support

Our trained technical experts can be an extension of your team. They are available by phone, chat, or email to help troubleshoot, select products, and answer installation questions.

Custom Services

Kele offers free custom valve assembly and custom calibration on select components. We can also create custom tags and labels for easy installation.

KELE OFFERS OVER 3 MILLION PARTS
FROM MORE THAN 300 OF THE MOST
TRUSTED BRANDS THE BAS INDUSTRY
HAS TO OFFER, INCLUDING
