RODAVENTO VALLE DE BRAVO

Just two hours from Mexico City, in the spectacular pueblo mágico of Valle de Bravo, Hotel RODAVENTO redefines hospitality in the heart of nature.

Set across 15 hectares of private forest with its own lake, the hotel invites you to disconnect from the fast pace of daily life to enjoy memorable experiences of wellness, adventure, gastronomy, and rest.

"With 46 suites nestled among the trees, an acclaimed Outdoor SPA, adventure activities, the Rodaventuras Kids Camp, and a seasonal culinary offering, RODAVENTO offers far more than just a stay: it offers an unforgettable way to experience Valle de Bravo.

Where the forest is the destination.

Designed by Federico Gómez Crespo
and Waldemar Franco, RODAVENTO
was built to blend seamlessly into the
landscape rather than impose upon it.

Every building, path, and terrace is in
constant dialogue with the forest,
creating an experience where
architecture, nature, and hospitality
coexist in perfect harmony.

Instead of simply
observing nature,
here, you become a
part of it.
