

Welding Fundamentals

Hands-On Welding Skills for DIYers, Hobby Farmers & the Curious

Course Schedule:

- Duration: 4 Days (Monday to Thursday)
- Time: 7:30 AM – 3:30 PM
- Rolling Intake – Flexible Learning Available

Ask us how you can complete your 4 training days over a schedule that suits you (Monday–Thursday only).

- Location: Industry Skills centre - 26 Princes Street South, Ballarat East, Vic 3350

What You'll Learn:

- Safe use of welding equipment and tools
- Basic welding techniques for a range of metals
- Understanding different welding processes
- Practical, hands-on experience in a workshop setting

Perfect for: Home DIYers, hobby farmers, and anyone curious about learning to weld - no prior experience needed.

Cost:

- \$500

Includes all training materials and workshop access
Certificate of Participation provided upon completion
(Note: This is a non-accredited course focused on practical skills.)

What to Wear – PPE Requirements:

- Participants must bring and wear the following Personal Protective Equipment (PPE):
- Long-sleeved cotton overalls (in good condition)
OR Long-sleeved cotton work shirt and full-length cotton drill pants
- Steel-capped safety boots (in good condition)
- Safety glasses (supplied on the day)

Note: Sleeves must remain rolled down at all times while in the workshop.

This course is not nationally accredited but is designed to build real-world skills you can use immediately and safely. Ready to enrol? Pay online here:
