Financial Aid Reporting Income

School parents who live with THEIR parents/guardians are REQUIRED by state law to report ALL combined household income on your FA application - regardless of whether you receive help from them or not. This includes older children who work.

EXAMPLES:

Example #1 - Your combined income falls BELOW the benchmark.

Your application will be verified, and you can receive from EITC/OSTC. Please communicate your situation to us, as we can consider your income and suggested assessment and award accordingly.

Example #2 - Your combined income rises ABOVE the benchmark.

Your application will not be verified, and you cannot receive from EITC/OSTC. Please communicate to us your situation, we may be able to consider any internal resources available.

Example #3 - Your parents don't want to list income/information.

Your application is not legally able to be completed. Please communicate to us your situation, we may be able to consider any internal resources available.

Example #4 - You do NOT have a Social Security number.

Those members without a social security number are not legally able to apply for financial aid. Those who do have a number, can be listed on the application. Please communicate to us your situation, we may be able to consider any internal resources available.
