

GROVER ARC Ltd is an independent FCA regulated family car accident management company that has been established since 1989, currently employing 30+ staff, and based in the West Molesey, Surrey area with close connections to all forms of public transport. We are accredited to BS 10125 and BSI Kitemark™ for vehicle damage repair as proof of our commitment to safety and compliant vehicle repairs. We pride our reputation built on strong performance and trust delivering reliable and high-quality accredited repair to our customers vehicles, whilst delivering excellent customer service.

GROVER ARC Ltd is endorsed by manufacturers, insurance companies and work providers to cover a broad postcode area.

We are also accredited PAS2060 Carbon Neutral certification.

Job Title: MET Technician/Strip Fitter

Location: West Molesey, Surrey

We are looking for talented and efficient MET Technician/Strip Fitter to join this leading team, with a shared passion for excellence in quality repair and customer service. We run a busy and efficient workshop with over 40+ cars being repaired each week.

As a MET Technician / Strip Fitter, you will be repairing damaged vehicles in line with the manufacturers' specifications within a state-of-the-art Bodyshop, utilising modern equipment and techniques.

Responsibilities of MET Technician / Strip Fitter

- Work efficiently in a fast-paced accident repair centre. Ensuring vehicles are ready to agreed timescales.
- Adhering to vehicle manufacturer methods throughout the repair process.
- Able to carry out diagnostic testing and listing parts required to order.
- Be computer and tablet competent (training will be provided).
- Ensure all tasks are carried out following Health and Safety guidelines.
- Keep all work areas clean and tidy.
- The ability to work in a competent and efficient manner on your own or part of a busy team.
- Strong communication skills and attention to detail.
- Able to work with other sections of the business such as Parts Co-ordinator, Customer Service etc.

We are looking for:

- Either level 3 qualified or ATA qualified, or 5 years solid experience.

Working Hours:

- Monday to Friday 7am – 5pm
- No weekends

Benefits:

- Competitive salary plus performance related individual weekly bonus
- 28 days annual holiday (this includes public bank holidays)
- End of month Friday lunch
- Private health care with BUPA
- Full training on systems and technical equipment
