1. **Read Romans 12:2.** What is the difference between conformation and transformation? What thoughts and opinions do you have that might lean more toward cultural conformation than biblical transformation? How well could you support your thoughts and opinions with Scripture?
2. **On the page or in the heart.** What do you think about the idea of reading less and thinking more? Do you agree that what Scripture does inside us is more important than how much Scripture we take in? Why or why not?
3. **Read Joshua 1:8, Deuteronomy 6:4-9 and Psalm 1:1-3.** In view of these passages, how might you carry what you've read with you throughout the day?
4. **Read Proverbs 27:17 and Hebrews 10:24-25.** What do these passages have to say about what we do with what we read in God's Word?
5. **Testing Influences.** Paul says when our minds are renewed, we will be able to test the ideas and influences that try to shape us making the Bible the standard for truth. What difference should that make in your daily life?
6. **Read James 1:22-25.** This passage spells out the importance of not only hearing God's Word but doing it. Why is acting on what God shows us important? What is the difference between agreeing with a biblical principle and acting according to it?
7. **Next Steps?** What will you do differently this week as a result of this study?
