

"Followers Share"

Southern Lakes Church
Pastor Ken Brummel 11-8-26

1. Have you ever thought much about the people you come in contact with each week? Share a bit of your normal routine with the group highlighting various people that you come in contact with. Do you think that the majority of those people are near or far from God?

2. READ John 4:1-42. What questions or insights come forth from your reading of this passage?

3. In what way was Jesus intentional about reaching the woman at the well, along with the people of that community? What are some ways that we can follow His example when practicing Everyday Evangelism? Discuss the following and anything you would add to the discussion:
   - Intentionally pray.
   - Intentionally look for opportunities.
   - Intentionally bloom where you are planted.

4. When you think about "blooming where you are planted," how are you doing? How well do you know your neighbors, co-workers, people at church, people you regularly rub shoulders with, etc.? Identify at least one thing that you can improve on in this area.

5. How did Jesus connect relationally with the Woman at the Well? What are some examples of Jesus connecting relationally with other people that needed the Lord? (Example: Nicodemus in John 3)

6. What percentage of Believers do you think actually share their faith on a regular basis? Why is this percentage not higher? Discuss some of the common barriers and how to overcome them.

7. What is the gospel? (See I Corinthians 15:1-5) How prepared are you to share "your story" and "God's story" with others? What is one thing that you will do to improve in this area?

8. What is the "Romans Road?" What is your go-to method for sharing the good news?

9. READ v. 35-37 and I Corinthians 4:7-9. In what ways are the fields ripe for harvest right now? In what way is sharing the gospel a partnership?

10. Read Romans 10:9-17. How does faith come about (v.17) and what part do we play (v. 14)?
