

## Prayer for **Finances**

Matthew 10:29-31

Lord, I thank you for your word that is our rock a sure foundation, a reminder of truth, that we are told to not fear and that we can be assured that you see everything. You see every need, you see every struggle, every worry and every want.

Lord help us to keep our eyes on you as the questions and concerns over finances come. Help us to remember that you are our provider and you tell us we can ask for wisdom and you will give it.

Lord, help us to have wisdom to be good stewards over what you have entrusted us with. Whether there are areas where we have fallen short and need direction and wisdom for where to go next or if we need the strength to let things go and release them into your hands or even just the reminder that you are Jehovah Jireh, our provider; and we can rest in your hands knowing that You will make a way.

Thank you, Father, for your mercies that are new every morning, for the grace that you give us and the assurance that you will never leave us.
