Today, 31% of our neighbors in Bremer County and 34% in Butler County are unable to afford the basics of housing, child care, food, transportation, health care, and technology. The gap between household income and expenses means regularly facing impossible decisions, like choosing to see a doctor or choosing to pay the rent that month. Every sacrifice and risky trade-off can threaten a family's health, safety and financial stability.

EVERY DOLLAR MATTERS. JUST LIKE EVERY PERSON.
