August 31, 2026

My Dear patients,

It has been my privilege and joy to care for you over many happy years of practicing obstetrics and gynecology. I have reached that wonderful milestone where I have had the pleasure of delivering the children of women I delivered many years ago.

It is time, however, for me to transition to a much less hectic pace. I will be closing my practice on October 31, 2026, and retiring to a more tranquil lifestyle.

Gretchen Dabrowski APRN/CNM has not finalized her next position, but plans on remaining local and hopes to continue serving patients in our community. Information will be shared when available.

If you need an appointment before we close, please call the office to schedule an appointment.

I am referring my patients to Northwestern OB/GYN (phone 815-356-2323) to continue care. You may also consider contacting the McHenry County Medical Society (phone 630-584-6129) for a referral to another physician or practice.

For continuation of care, your laboratory results, mammograms and pap smears are available through your NM.mychart account. If you require additional medical records, please contact the office by December 31, 2026. Please allow ample time for processing, especially if you are in need of records for a new physician.

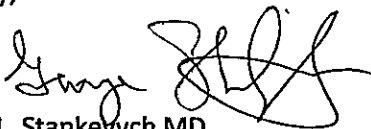

After January 1, 2027, your records will be maintained by:

AMS Store and Shred, LLC. Records requests can be sent to: records@amsstoreandshred.com, main office phone number is 847-658-0400.

I truly appreciate your support, your trust and many years of you humoring me by laughing at my jokes. I have been blessed to care for such wonderful people.

My heartfelt thank you to all of you.

Sincerely,

A handwritten signature in black ink, appearing to read 'George Stankevych', with a stylized flourish at the end.

George L. Stankevych MD
