

# Merry Christmas from Anna4Children and BLB Studio Legale

The time has come again for wishes, thanks and assessments. And once again, BLB Studio Legale is sharing with clients, partners and suppliers the 13 years journey covered together with Anna4Children, made of commitment, growth, hope and generosity.

First contributing to its construction and today to its maintenance, we have long supported this girls' orphanage in India, managed by Salesian Sisters with whom we are in constant contact.

The Friends of the Association have just returned from a mission in India, where they had the opportunity of verifying the excellent condition of the orphanage: a well-maintained building, enriched by a flourishing botanical garden; the girls grow up peacefully, making us proud for their academic achievements.

Our journey continues: it's in our plans to expand the building to allow older girls to have suitable spaces; we are also willing to dedicate further scholastic support to accompany them on their desired university courses.

This is the true magic of Christmas, and we are proud to share it with you who directly or indirectly contribute to the growth of our project.

Best wishes for a peaceful Christmas and a New Year full of hope!!

Holy Christmas 2023
