## ***... and so much more***

EncoreGarage has garage enhancement products and accessories to beautifully and outfit any garage.

# LUXURY GARAGE

Create a garage space that reflects your  
own unique personality and style

# Combining Finishes

At EncoreGarage we push creative limits to design garage spaces that are truly unique and one-of-a-kind. In combining finish colors, textures and uncommon materials we can create impressive garage interiors. Let us know the vision you have for your garage and we will go to work to design a garage that makes a statement from floor to ceiling.

Combining finish colors and textures to create unique and exciting garage spaces.

At EncoreGarage we understand garage organization and believe there is nothing better than a clean, well organized garage space.

EVERY

# Garage Solution!

**For over a decade EncoreGarage has helped homeowners improve there garage space from floor to ceiling.**

We have solutions to meet every need and budget. From simple storage cabinets, to work benches, car lifts and more.

A wide-angle photograph of a modern garage interior. The walls are covered in light-colored, embossed stainless steel metal laminate cabinets. A black motorcycle is parked in the center of the room. To the left, there is a black tool chest with yellow drawers. The floor is covered in a grey polyaspartic floor coating. A red and white garage door opener is visible on the ceiling.

## Embossed Stainless Steel metal laminate cabinets with Polyaspartic floor coating in the Graphite finish

EncoreGarage has won multiple national awards for the design and execution of garage enhancement projects.

We continually stay on the leading edge of technology, aesthetics and functional design. Trust EncoreGarage to organize and beautify your garage space no matter the size or scope of your project.

We love a challenge when it comes to garage improvement. Our goal is to provide the best solutions in garage flooring, storage systems and organization to help you live a clutter free-life.

Our process is simple and effective and our result is always a vastly improved garage space.

“Simplicity is the ultimate sophistication.”

Leonardo DaVinci

# We transform garages of *every size and shape*

From simple to extraordinary, EncoreGarage ideas and solutions for every home.

Maple Cabinets with Long Stainless  
Handles, and FLEX-Core Micas  
Polyaspartic Flooring

# A Passion For Garage ORGANIZATION

We can provide:

Wall Systems

Bike Systems

Overhead Systems

3D CAD is at the center of our

# SIMPLE & EFFECTIVE DESIGN PROCESS

Your custom installation begins with a 3-Dimensional CAD rendering so you can see in advanced exactly what your completed garage will look like. This allows us to make necessary changes and revisions so we can build the perfect layout before any work begins.

# True Garage Grade

Superior Strength  
and a Custom Look

## Metal Laminate Cabinets

Our most unique cabinet series in a class all by itself.

By using our True Garage Grade construction applying stunningly beautiful metal laminates we have been able to create a garage cabinet series that is completely customizable and truly unique. These cabinets have the look and feel of high end metal cabinets, but with a lot more polish.

EncoreGarage is all about providing practical ideas and affordable solutions for the garage. From storage cabinets and workbenches to custom locker style systems that will truly make the garage an extension of your home. Let EncoreGarage help you best utilize the largest room in your home.

## Make your garage feel like an extension of your home courtesy of our FLEX-Core garage floor coating system.

Our FLEX-Core coating system developed in conjunction with coating industry leaders Citadel/Rust-Oleum and National Polymers, will provide a durable, long-lasting, and easy to maintain garage floor. It offers superior gloss retention along with exceptional chemical, abrasion, and impact resistance. Our flooring system is fully warranted against peeling, flaking and blistering.

## Traditional Epoxy just doesn't compare to our Polyurea Polyaspartic system.

- 4x Stronger
- 98% More Flexible
- 60% Quicker To Cure
- 3x More Scratch Resistant
- Virtually Odor Free
- Safe, Non-Toxic and VOC Compliant
- 50% Better Gloss Retention
- One-Day Installation Possible
- Low Temperature Application
- 100% UV Stable - it will not yellow!
