- a) Individually Identifiable Information (III), including Protected Health Information (PHI) is considered “sensitive information” and under law must be protected (and destroyed) by “extraordinary procedures.” * Sensitive information requires a “high security level.” Per VA Directive 6371 “Destruction of temporary paper records” states (same as NIST 800-88) “If shredding is chosen as the method of destruction, the following parameters will be applicable. The chosen document destruction device must have a crosscutting capability which produces particles that are 1 X 5 millimeters in size or that will pulverize/disintegrate paper material using disintegrator devices with a 3/32 inch security screen. (Reference NSA Disintegrator Evaluated Products List).” This is the “high” standard.

About Us

History of All Purpose Document Destruction

Truss Crane Inc. DBA/All Purpose Document Destruction was founded in 2006, in Hesperia, California as a local Mobile Shredding Company to provide services to San Bernardino, Riverside and South/West Los Angeles County's.

Professional Service Description

We offer Mobile Document Shredding Service's to anyone who needs destruction of confidential information, all materials are safely shredded on-site at your location, A monitor is in place for visual verification by your staff to oversee document destruction. Our trucks will shred at a rate of 3000-5000 lb per hour and compress it into the storage compartment via "Auger Discharge". The shredded material is then compacted and mixed with other data, making it virtually unidentifiable.
