Getting Started

1

Activate your membership

Once you receive an enrollment email or text message from Vitable, click the link to activate your Vitable membership.

2

Pick your dependents

Select Vitable Primary Care Core to enroll in the membership and add family members or dependents to the membership. They are covered for free - at no additional charge.

3

Schedule your initial wellness visit

Schedule your first visit with your dedicated care team to make a care plan, including labs, Rx, and follow-ups.

4

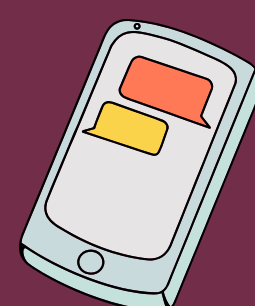

Get ongoing care from Vitable

Get your every day care needs met through Vitable - whenever, wherever you need them.

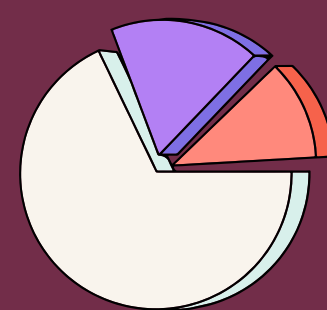

Get the care you need, when you need it!

With Vitable, you and your family can access delightful primary care service, **without any copays or deductibles!**

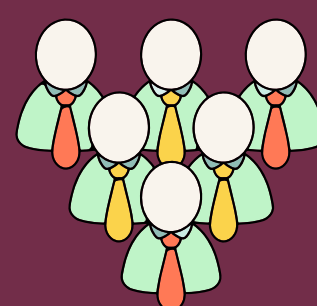

Virtual Primary Care

Access same or next-day primary care appointments with your dedicated care team in the Vitable app for sick visits, general health concerns, and management of common health conditions like high blood pressure or asthma.

Mental Health Coaching

Mental health coaches empower individuals to thrive and plan, providing guidance on things like coping skills, stressors, and goal setting. For members 18+

Family Memberships

There's not additional charge to add any number of family or dependents to your Vitable membership so your whole family can access Vitable services.

***Between the age of 18 months to 64 years**

Free Medications

Over 1,000 of prescription drugs are **covered for free** when prescribed through Vitable. We also offer discounts for other medications outside of our covered prescriptions.

***Vitable does not prescribe injectables or controlled substances.**

Lab Tests

Most of primary care lab tests are covered 100% (free!) through Vitable. Easily access it at our partner LabCorp and Quest locations. Review test results in the Vitable app.

Flu Vaccinations

Vouchers for free flu vaccines are available upon request for members of all ages from September through March.

Care Navigation

When you need care outside of our coverage, our Member Support team will help find providers, specialists, and resources in your area, guiding you every step of the way.

Already Insured?

Even better! Adding Vitable on top of your existing health plan is the smartest thing you can do.

You and your family can save more on medical expenses with our free prescriptions, virtual visits, labs, and health screenings.
