

English

In English, we will start off our new term with the book Anansi the Spider. We will be looking at expanded noun phrases and fronted adverbials when we create narratives.

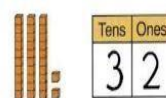

We are Scientists

In our science lessons we will be learning about habitats and the animals that live in these. We will be investigating food chains and how animals rely on each other.

Mathematics

Our focus for this half term in maths is Place Value. We will be learning about tens and ones, using the terms greater than, less than and equal to. We will also be using our problem solving and reasoning skills to solve problems.

How were schools different in the past?

We are looking at personal chronology and finding out about the past within living memory. By examining photographs and asking questions, we will investigate chronology. In addition, we will examine a simple timeline.

Our PE lessons this half term will be on Wednesdays and Thursdays.

Our library slot will take place every Friday. Please remember to have the library book at school on Friday to change.

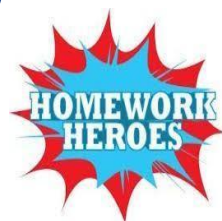

Who's who in Year 2

Teachers:

Ms Taryn Chapman
Mrs Alaina Baillie
Mr Bird

Support Staff:

Mrs Sacha Fennessey-Hales
Mrs Jess Murray
Mrs Simone Hogben

You will receive a grid with different homework options. Please choose 5 -6 pieces to complete. We will then share these in class on a specific date. Your login details will be at the back of your reading record.
