There will be a warrant article for the BCC asking permission for unspent funds to be rolled into the Town Stewardship fund rather than returning to the general town fund.
4. VT Fish & Wildlife Conservation Camp sponsorship- Ages 12-16, \$250 per session, Buck Lake or Castleton Campus. Spread the word through LI and BTS. Currently set up as a behind the scenes sponsor. Tell students to apply and if they get in we'll support them. Lindley will put a Flier in homeroom and newsletter home. The BCC voted to appropriate funds up to 3 students.

7. Update: Natural Resource Inventory-Elise sent out a draft in November. She has been actively editing. Elise is encouraging us to continue giving her feedback. She is sending the most recent draft to the Planning board and BCC. March BMC gathering? Elise has also been working on fliers highlighting info on important key points/data. Moving forward can we help educate those who need to apply this data to our town planning? Recommend to hire a GIS consultant. Regionally create a database. Pool funds from a group of towns.
