Gary Leach came to make a request for \$30,000.00 for the East Burke Water District. This ask is to be reimbursed for the money that was spent years ago when the project took place. There was quite a cost for the sidewalk reconstruction along with other costs and Gary would like the District to be reimbursed. Gary was told that this would have to be an Article that would be voted on by the Burke Residents. Gary was given a petition to get 70 signatures and a list of the other thing necessary to put this on the ballot for Town Meeting. The other things listed was an official letter making the request and the East Burke Water District's most recent financial report along with the petition with all the signatures.
