

MICHELL

for the love of music

The combination of APOLLO and MUSE sets new standards in phono stage performance and the level of enjoyment available from vinyl.

With precision engineering, innovative power management, and components of impeccable quality, this system delivers extraordinarily lifelike clarity, neither adding to or subtracting from the signal, making it the ideal choice for the most discerning vinyl lover.

Our iconic designs are meticulously engineered and crafted in the UK and driven by a commitment to music. Listen, and feel the passion.
