Copayments, coinsurance, and all applicable deductibles are due at the time services are rendered. We accept cash, check, Visa, MasterCard, Discover and American Express. If you have medical insurance, Levick Foot & Ankle Institute will submit claims directly to your insurance company. Your insurance is a contract between you, your employer and the insurance company. Levick Foot & Ankle Institute is not a party to that contract. Not all services are a covered benefit with all contracts, and it is your responsibility to be aware of what benefits your insurance entitles you to. We will assist you to receive your maximum allowable benefits. We emphasize that as medical care providers, our relationship is with you, not your insurance company. While filing of insurance claims is a courtesy we extend to our patients, all charges are your responsibility. As the guarantor and/or patient, you agree to pay any balance that becomes patient responsibility upon receipt of a statement. **You must pay your statement in full within 30 days from the issue date of the statement. Credit cards on file will be charged the entire amount if not paid within those 30 days with the exception of orthotics which are due in full at time of dispense.**

We reserve the right to implement a service fee of \$100.00 for all appointments missed or cancelled without a 24 hour notice.

Deductibles and co-pays are collected at the time of your visit. Self-Pay Patient payments due at time of visit. Any returned or dishonored checks will be charged to the credit card on file, along with an additional \$25 fee to cover processing costs.

In the event your insurance provider denies any portion of your claim, you will be financially responsible for the full amount not covered. Payment will be automatically charged upon receipt of non coverage. It is the patient's responsibility to contact their insurance company directly to appeal or dispute any denied claims.

Workman's Comp is accepted, but the patient must have a claim number, adjuster number, phone number and acceptance letter to see Levick Foot & Ankle Institute before booking appointment. The Practice will accept only the initial insurance information provided and will not switch plans mid-treatment per Federal Law.

As our patient, you are responsible for all authorizations/referrals needed to seek treatment in this office. You must inform the office of all insurance changes and authorization/referral requirements. In the event that the office is not informed, you will be responsible for any charges denied.

There are certain elective surgical and non/surgical procedures that we require pre-payment. You will be informed in advance if your procedure falls into this category. Payment is due prior to the services being performed. I understand that if I do not abide by the financial agreement as noted above, that any balance not paid within 90 days from the date that the balance becomes my responsibility, Levick Foot & Ankle Institute will turn my account over to a collection agency and I will be responsible for all collection and legal fees that the Practice incurs as a result. Levick Foot & Ankle Institute reserves the right to refuse service to any patient that has been placed into collections.

I agree and understand all the above statements regarding financial arrangements and insurance. I authorize Levick Foot & Ankle Institute to submit my claims and remit insurance payment of medical benefits directly to Levick Foot & Ankle Institute.

## **Frequently Asked Questions Regarding the Credit Card on File Agreement**

### **Do I have to leave my credit card information to be a patient at this practice?**

Yes. This is our policy, and it is a growing trend in the healthcare industry. Insurance reimbursements are declining and there has been a large increase in deductible/ Co insurance/ co-pay abortions. These factors can drive offices to see more patients for shorter periods of time or in some cases to stop accepting insurance altogether. We have decided to focus on becoming more efficient in our billing and collections processes instead.

### **How much and when will money be taken from my account?**

The insurance companies take approximately 2 to six weeks to process submitted claims. Whatever the allowed amount is, your copay, and coinsurance, and deductible are taken into consideration. What you may owe depends on your individual policy. Once the insurance explanation of benefits is received/ posted to your account and electronic statement will be generated and sent to you showing your portion. You will have 30 days to send an alternative form of payment if you prefer.

### **How do you safeguard the credit card information you keep on file?**

We use the same methods to guard your credit card information as we do for your medical information. Card information is securely protected by the credit card processing component of our HIPAA compliant practice management system and credit card manager. This system stores the card information for future transactions using the same sort of technology that any online retailer would. Once in the vault, there is no way to transfer the data. There is no way to export the card information out of our system. The sheet you fill out will be shredded once uploaded.

### **What if there is a payment discrepancy or I have other payment questions?**

Please contact our billing department directly to settle payment discrepancies or for other payment questions period this policy in no way compromises your ability to dispute a charge or questions your insurance companies explanation of benefits.

### **Will I receive a paper bill by mail?**

Yes. You will receive one statement which will show what you will be charged to your card in 30 days. If you prefer to pay by an alternative method, you may do so during that time. If you do not wish to make any payment method changes, just hold on to the statement for your records and your card will be charged.
