

Foristell Comprehensive Plan Citizen Survey

The City of Foristell is in the process of developing a Comprehensive Plan (Plan). The Plan is required by State Statute for all municipalities that zone property and should be updated periodically, ideally every 10 years.

The City of Foristell's population has doubled over the last ten years. The proposed Comprehensive Plan will redefine and/or confirm the recommended residential, commercial and industrial growth areas and areas to be preserved. The Plan will provide guidance on the timing and density of residential growth and the intensity, composition and appearance of non-residential (commercial & industrial) growth.

The development of the Plan will utilize inclusive public participation which will consist of this Survey, on-going meetings with the Planning & Zoning Commission, stakeholder interviews, and town hall meetings. The intent is to create a Plan that is co-authored by the Foristell community with citizen-defined goals and objectives that will be implemented over time with the help of the community. The rationale being that if the community has ownership in the plan, the community will support the plan.

Your participation in the planning process starts now!!

By completing this survey, your feedback and recommendations will be included in the development of critical issues relating to the future growth and preservation of Foristell in the next 10 years. Most questions involve rating several planning related issues from 1-5, One (1) being the most least agreeable or least important issue and five (5) being the most important/agreeable.

The Survey can be accessed via the following link or QR Code:
