

Corpus Christi Paver Project

**Are you looking
for a way to be
a part of
Corpus Christi's
history?**

Our courtyard at Corpus Christi was designed to offer a unique opportunity to our parishioners and visitors alike. Pavers in the courtyard can be engraved with a name of the contributors choosing. The pavers come in two sizes - 5.5"x5.5" and 5.5"x8". Paver costs are \$250 & \$350 respectively.

Paver Project

The smaller 5.5"x5.5" paver allows feasibly for 8 characters per line while the larger 5.5"x8" paver allows for 12 characters per line with a maximum of 4 lines for either paver size.

If the name or wording desired contains multiple A's, M's, W's or Y's, one space on that particular line must be sacrificed to compensate for the added space required by these larger letters.

Punctuation marks, hyphens, quotation marks and spaces between words must be counted as one complete space. Periods & commas are quite large due to limitations of the sandblast process and must be counted as a complete space. An ampersand will be used in place of the word "and."

Please print your information on the form below. Each letter or punctuation mark - including spaces - you wish to appear on the brick must fit inside one of the boxes. Forms exceeding the character allowance will be returned for rewording.
