

## HICP Eligible CPT Code List

Quick reference for broad CPT code categories. Final payment review depends on all HICP requirements being met.

**Important:** This list does not guarantee payment. Services must be covered and paid by the client's primary insurance, provided in-network when required, supported by complete documentation, occur within the allowable Part A contract year, and show patient responsibility on the EOB or itemized billing statement.

CPT Section	Code Range	HICP Review Status	Notes
Anesthesia	00100-01999	Not allowable	Excluded service category.
