from 0.3L/sec up to 70L/sec

From expert on site assessments to personalised in store advice, our extensive range of pumps and knowledgeable team ensure you get the right solution for efficient, reliable water management!

SQ SUBMERSIBLE

Designed for domestic groundwater supply for private housing, small waterworks, and small irrigation systems. Reliable water supply guaranteed, continuous or intermittent operation.

From: 16L/min up to 116L/min

SQE SUBMERSIBLE

Designed for constant pressure applications within domestic groundwater supply for private housing, small waterworks, and small irrigation systems. Constant pressure with variable speed drive.

From: 16L/min up to 116L/min

SP SUBMERSIBLE

Designed for pumping contaminated/polluted groundwater for leachate, sampling, and water quality monitoring.

From: 16L/min up to 4,500L/min

240V BORE PUMP KIT

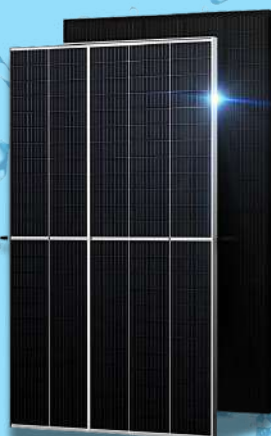

60L/min @ 300kPa SP5A/12 Grundfos Submersible Pump complete.

Basic on/off by plug

2 Wire / 1Ph / 30m Pumping Water Level

Kit includes 35m cable

\$2800

SQF SUBMERSIBLE SOLAR SYSTEMS

Renewable energy submersible pumps with build in inverter for solar, and AC power source. Runs on both AC and DC voltage.

From 10L/min up to 233L/min

GRUNDFOS 2 PANEL SOLAR SYSTEM

2 Panel Grundfos SQF 1-70N Solar Bore Kit

10m Pumping Head / 40m Pumping Water Level

Pump to supply up to 9,000L/day at 50m in peak periods

Kit includes 45m cable and 40m of pipe and stainless wire.

Subject to site location and hydraulic design.

\$5300

GRUNDFOS 4 PANEL SOLAR SYSTEM

4 Panel Grundfos SQF2.5-2N Solar Bore Kit

70m Pumping Head / 50m Pumping Water Level

Pump to supply up to 12,700L/day at 120m in peak periods

Kit includes 55m cable and 50 metres of pipe and stainless wire

Subject to site location and hydraulic design.

BOOK YOUR IRRIGATION SERVICE TODAY!

Is your irrigation system ready for the warmer months?

Avoid dry patches, leaks, and high water bills with a professional maintenance check from Aquawest.

- ✓ Check for leaks & blockages
- ✓ Test sprinklers & drip lines
- ✓ Adjust timers for water efficiency
- ✓ Save water, save money!

Our friendly technicians will make sure your system is running at its full potential, so your lawn and garden can thrive all season long.

DIY IRRIGATION - MADE SIMPLE

Tired of dragging hoses?

Let us design and supply a fully automatic DIY irrigation system.

Customised to your yard, garden, or veggie patch.

- Professionally designed
- Fully automatic
- Easy to install

- All parts supplied in one kit
- Save water, time & effort
- You install it. We make it easy.

Get started today!

Drop into your local Aquawest store or call us now.

At **DELTA**water solutions, we treat a range of water types such as bore water, river water, town water and irrigation water and their problems including:

- Salinity
- Scale build-up caused by calcium and magnesium
- Water hardness
- Iron
- Corrosion

Everywhere there's water,
there's a DELTAwater

Contact Aquawest to pick up your
water sampling kit today

A **solution** in four easy steps:

Step 1. Visit the friendly Aquawest team in store with a sample of your water.

Step 2. Fill out our questionnaire and pop it in the provided envelope with your water sample.

Step 3. The team at Aquawest will mail your sample to us.

Step 4. We will contact you with your results and solution options within 2-5 days of receiving your sample.

LIQUID LEVEL MONITORING

Know your stock has water anytime, anywhere with 24/7 remote tank monitoring on your phone

TANK LEVEL MONITOR

✓ Dual Connectivity:
Cellular and Satellite

✓ Tanks, troughs,
ground storage.

✓ Monitors both water
and diesel.

✓ Alarms within 15mins
of an event. Reads
levels every 3 hours
(cellular) or every 12
hours (satellite).

\$399

\$132 ANNUAL SUBSCRIPTION

Connectivity is no
longer an issue.

Liquid level monitors that
create efficiencies for
you.

View water level data
on the go.
In one powerful yet
easy to use app.

Remote locations are
now within reach.
Monitor liquid levels
anywhere.

CONVENIENT, RELIABLE, AND COST EFFECTIVE.

THE SMARTER CHOICE FOR LIQUID LEVEL MONITORING IS HERE

FARM FAVOURITES

HOBSON BOLTS

A wide variety of stainless steel and galvanized bolts and nuts is available at competitive prices.

DONALDSON FILTRATION SOLUTIONS

Filter kits for a range of popular applications including vehicles and machinery.

Available through Aquawest Narromine, with store transfers available

TOYOTA
FILTERS
AVAILABLE

K-LINE PODS

A portable, economic, cost effective, efficient low pressure farm irrigation solution.

DIESEL HEATER

Delivers instant radiant heat.
Super quiet operation.
High-efficiency fuel consumption.
Sturdy weather-resistant design.
Easy to transport and operate.

RAPP-IT

Rapp-it steel putty is a hand kneadable, steel reinforced epoxy putty that can be moulded into any shape to fill cavities, cracks or holes for a strong successful repair.

WATER TROUGH

500L Round Trough
Diameter: 1,270mm
Height: 430mm

APEX DUAL FLOAT VALVES

The ultimate solution for precise water level management in tanks and troughs. The dual float system minimises water waste, preventing overflow. Built tough for farm conditions, it handles high flow rates and dirty water with ease.

SHURFLO 8000 SERIES 12V DC PUMP

Flow 6.8L/min @ 690 kPa

Shurflo's most widely used agriculture pump, Viton valve material assures maximum chemical resistance. The unique conical valve design delivers high flow rates at maximum discharge pressures making this the pump of choice for sprayers used on the farm or around the yard.

BAUER HARD HOSE IRRIGATORS

Reliable travelling irrigation solutions built for Australian farming conditions.

Cover more ground with less setup time, delivering efficient water application where you need it most.

- High performance Austrian engineering
- Consistent water distribution with precision
- Low maintenance, long lifespan
- Ideal for broadacre, pasture & cropping
- Multiple sizes available to suit your property
- Proven results season after season

POOL PUMPS, PRESSURE PUMPS & MORE

PANTERA POOL PUMP RANGE

- Stainless steel motor shaft
- 5 levels of corrosion resistance

PPP550 \$595
0.75hp - 150L/min

PPP750 \$612
1hp - 190L/min

PPP1100 \$695
1.25hp - 225L/min

PPP1500 \$790
1.5hp - 240L/min

INTELLIMASTER RANGE

- Variable speed pump
- Built in thermal overload
- 16 Bar Transducer pressure gauge

IMH750 \$2464
75L/min @ 200kPa

IMH1100 \$2857
120L/min @ 250kPa

400 SERIES TRANSFER PUMP

- High grade corrosion resistant materials
- Award winning Hi-Flo impeller
- Inbuilt thermal overload

413 \$394
Up to 130L/min & 90kPa

414 \$566
Up to 200L/min & 115kPa

415 \$655
Up to 260L/min & 120kPa

VF150 & VF150N

- Single phase drainage pump
- Designed for pumping clear or grey water containing soft solids
- Vortex impeller.
- 15mm soft passable
- Lip seal and dual mechanical seal
- Float switch
- Moisture sealed cable inlet
- Up to 150L/min | 7m head

VF150 \$275
VF150N \$378 VERTICAL FLOAT

JJ RANGE

- Designed for stock watering, irrigation, water transfer from dams, creeks, wells and bores
- Injectors to a range of applications
- Shallow well lifts to 7.6 m
- Deep well lifts to 37 m
- Pressure system c/with 25 litre tank

JJ400 SW Pump Complete \$1500
Up to 98L/min & 400kPa

JJ600 SW Pump Complete \$1900
Up to 137L/min & 560kPa

OJ RANGE

- Designed for stock watering, irrigation, water transfer from dams, creeks, wells and bores
- Injectors to suit a range of applications
- Shallow well lifts to 7.6 m
- Deep well lifts to 49 m
- Pressure system c/with 40 or 100 litre tank

OJ700 SW Pump Complete \$2700
Up to 150L/min & 700kPa

OJ800 SW Pump Complete \$3500
Up to 245L/min & 950kPa

AUTOJET RANGE

- Designed for domestic pressure system, water transfer, irrigation and garden water supply.

40 \$350
.45kW | 35L/Min @ 380kPa

80 \$550
1.1kW | 60L/Min @ 460kPa

MULTIMAX 120

- Designed for use as an automatic pressure system for household and light commercial application.

\$750

BLAZEMASTER SINGLE IMPELLER

Honda GX200 Series 6.5hp petrol engine
or Yanmar L48 diesel motor
710 L/min | 65m head
3.1L fuel tank
Inlet : 2" BSP
Outlet: 3 way tee w/ 2 x 1" BSP & 1 x 2" BSP

\$1090 Honda with roll cage

\$1045 Honda without roll cage

\$3350 Yanmar L48 Diesel

BLAZEMASTER TWIN IMPELLER

Honda GX200 Series 6HP petrol engine
715 L/min | 107m head
3.1L fuel tank
Inlet : 2" BSP
Outlet: 3 way tee w/ 2 x 1" BSP & 1 x 2" BSP

\$1350 Honda with roll cage

\$1290 Honda without roll cage

POLY WELDING & ELECTROFUSION

Your local Aquawest store stocks a wide range of poly welding and electrofusion products, ready to support your next project.

The Aquawest team offers reliable and expert welding services, specialising in both Poly Welding and Electrofusion Welding.

Whether you need us in-store or on-site, we're fully equipped to get the job done safely and efficiently

PLASSON

TRENCHING SERVICES YOU CAN TRUST

From small residential jobs to large scale rural and commercial projects, we deliver quality trenching wherever you may need it

SERVICE AND REPAIRS

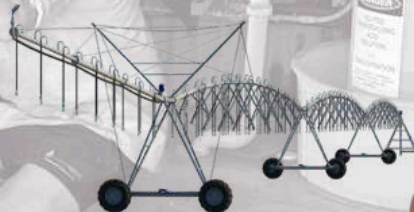

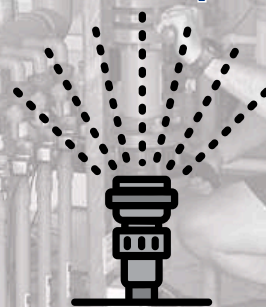

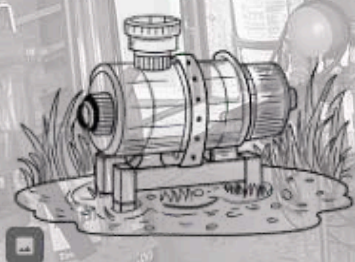

Trust our experienced team to keep your system running smoothly and efficiently.

GROW WITH CONFIDENCE

Aquawest Pumping & Irrigation Specialists has built a strong partnership with global industry leader Reinke, delivering irrigation systems that are simple to install, easy to operate, low maintenance and engineered to perform reliably in even the toughest Australian conditions.

VOLVO PENTA

INDUSTRIAL DIESEL ENGINES

From 5L & 140hp to 16L & 780hp

Powerful, robust, reliable engines that keep you running even in the toughest conditions.

Competitively priced complete power packs ready for delivery.

Easy to install, operate and maintain.

aquawest

THE EXPERTS WITH WATER

Aquawest are your pumping and irrigation specialists. We manage projects from design to installation, servicing and parts. Trust us to deliver the residential, agricultural, industrial and commercial projects you need. No matter what the job, our goal is high quality water efficiency delivered safely.

With over 100 years combined experience, we specialise in:

- Household to Commercial Sprinkler Systems
- Water Reticulation
- Dust Suppression
- Water Filtration
- Stock Water Schemes
- Pivots and Lateral Move Irrigators
- Trenching
- Poly Welding and Electrofusion
- Household to Commercial Pumps
- Spare Parts
- Servicing and Repairs
- Bore Testing
- Water Testing
- Solar Pumping Systems
- Water Meters and Telemetry
- Hydro Excavation
- Hydraulic Design
- Turbine Installation and Repairs

AquaWest has been accredited a Certificate of Registration from Sustainable Certifications for meeting the requirements for safe products and services, reliability and quality under ISO 45001:2018, ISO 14001:2015, and ISO 9001:2015 standards.
