

## Pastoral Care E-Minutes July 2026

Updates to Ministries sent in via E-mail

**Whole Person Ministry:** The Ministry continues to get medical equipment requests, which are forwarded to the Medical Equipment Library. There have been almost no Care Line requests. The line is checked daily throughout the summer. In September the 'Honey Doers Crew' will be announced. These are volunteers that can do small jobs around the house that don't need a professional, such as replacing high ceiling lights bulbs, getting decorations out of attics, sweeping porches of debris, etc. These requests for assistance will be handled through the Care Line.

**Lay Eucharistic Visitors:** The receiver list hasn't changed. The kits are fine, but another might be good to have.

**Gruber's Friday Men's Group:** Continues to meet on Friday mornings, with nothing new to report.

**COHI/Bereavement:** A new session of Walking Through Grief, will begin in October.

**Prayer Shawl Ministry:** The group continues to add new shawls.

**Medical Equipment Library:** In Michele's absence Connie Palmer will be managing the Equipment Library. While Michele is recuperating from surgery Connie and Ray will be helping with Michele handling the admin side. There have been several requests for equipment which have been honored.

**Daughters of the King:** DOK continues to provide lunches monthly to Hospice. DOK is in summer mode with casual meetings for brunch during July and August. The private pray list remains active.

**Stephen Ministry:** On Hiatus presently

**Next Meeting:** To be advised.

Respectfully Submitted,

*Betty Rapp*
