

THE TRUST

The TRUST is a private organization that supports the economic development mission of the Golden Triangle Development LINK. Since the Trust's inception in 2005 the LINK has been responsible for more than \$10 billion in capital investments made in our community by new and existing industry. Unemployment has dropped almost two percent, and the average wage earner is making \$10,500 more than he or she was earning in 2003.

As the economic development playing field becomes increasingly competitive, we must continue to stay ahead. Now, more than ever, we depend on key players in our community like you to become a member of our team.

In addition to advancing economic development in the Golden Triangle, you will be afforded opportunities to network with other decision makers in the community, to have first access to economic development news and to be asked for consultation when needed.

The TRUST supports the LINK's annual budget and focus on goals set forth by its governing board and membership.

With more than 100 members spanning the state, this group is an elite collection of businesses that support the continued growth of The Golden Triangle.

TRUST BENEFITS

QUARTERLY UPDATE MEETINGS

Quarterly briefings on economic development progress and LINK activity

NETWORKING OPPORTUNITIES

Meet executives of new and existing industries through connection facilitation and exclusive access to Trust networking events

BUSINESS SUPPORT

Project consultation, research & analytics, supplier recruitment, and workforce development assistance

TRUST BOARD REPRESENTATION

Eligibility for Trust board appointment, which meets monthly with the executive committee to guide and contribute to development of the Golden Triangle

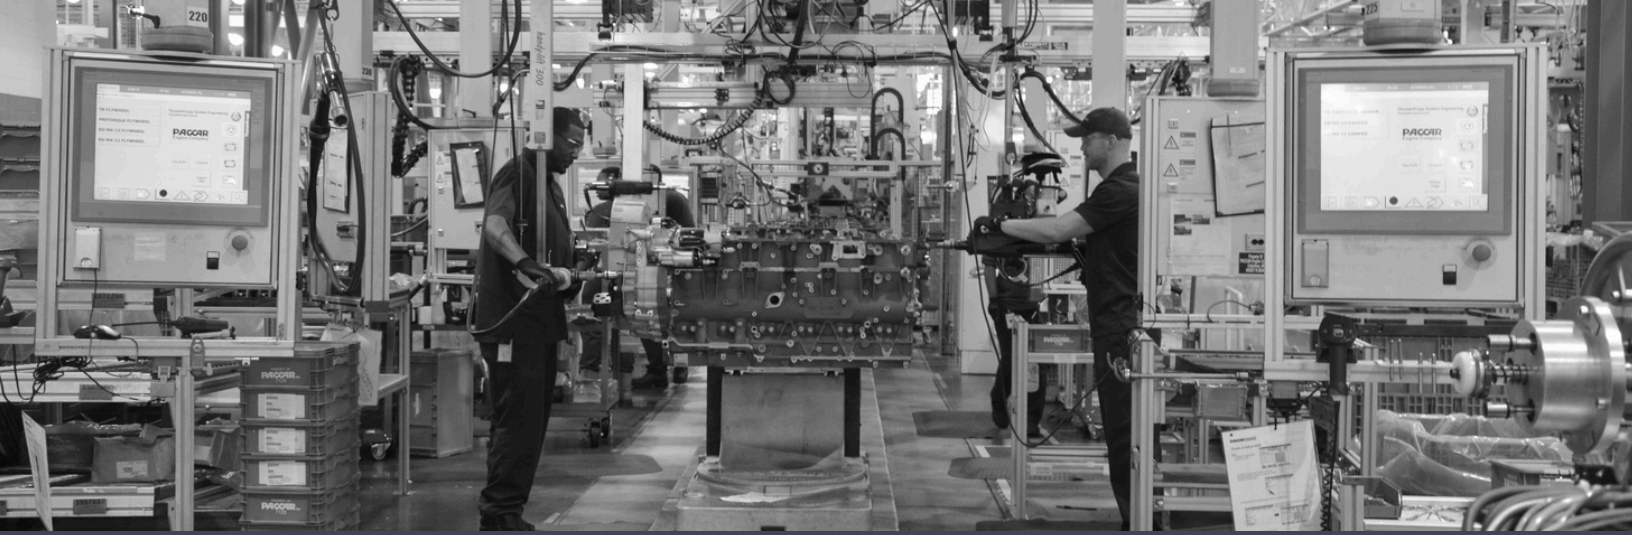

COMMUNITY INVESTMENT

Tax-deductible Trust investments benefit the Golden Triangle region

BUSINESS EXPOSURE

Membership listing on LINK website and premier vendor referral

HOW ARE TRUST FUNDS UTILIZED?

Marketing & Technology Advances

Upgrades to material production and technology hardware to increase mobility and efficiency

Governmental Affairs

Funds designated for special legislative interests of the Golden Triangle, as it pertains to the region's economic success

Advertising & Recruitment

Marketing strategy development and execution; travel expenses for business recruitment and development.

Existing Business Assistance

Provide resources to insure sustainability of existing businesses through visitation programs, research and demographic reporting, special project assistance, expansion and development.

Workforce Development

To prepare the Golden Triangle to provide a skilled workforce to existing and potential industries, the GTR LINK will invest funds and time into building regional programming for workforce development designed for long-term sustainability.

Consulting

Funds to outsource consultants for economic and community development projects.

Target Sectors

- **Aerospace**
- **Energy**
- **Food Manufacturing**
- **Pulp & Paper**
- **Steel & Metal**
- **Outdoor Recreation**
- **Data Centers**
- **Automotive**

How Your Contribution Makes an Impact...

Your support enables us to attract a strong workforce, assist existing businesses, advocate for pro-business policies at the state level, and promote our region to drive industry growth. Additionally, it enhances workforce development initiatives and provides technical support for both industrial and retail sectors.

TRUST LEVELS AND BENEFITS

Quarterly Update Meetings – Stay informed with economic development briefings and LINK activity updates.

Networking Opportunities – Connect with industry leaders through exclusive Trust events and facilitated introductions.

Business Support – Gain access to project consultation, research, supplier recruitment, and workforce development assistance.
