

ROTEK COMPRESSORS

DESIGNED FOR TODAY'S
MILITARY & RUGGED GROUND
VEHICLE APPLICATIONS

RIX Industries offers a range of military-qualified, high-pressure, oil-less, miniature compressors for a multitude of mission critical ground vehicle applications.

- Designed for rugged utility and military vehicle functions
- Applications include ride height adjustment, crew compartment pressurization, emergency armored door acutation, and toxic fume scavenging
- Provides on-demand contaminate and moisture free air
- Compact size and lightweight design
- Can be combined with moisture separation, valves, sensors, accumulators, and electronic controls for a complete vehicle pneumatic system solution

MAX PRESSURE: 6000 PSIG
FLOW RATE: 7 TO 24 SLPM
POWER: 400 TO 900 W
POWER SUPPLY: 270VDC
OPERATING TEMPERATURE: -70 TO 180°F
WEIGHT: 6.6 - 12 LBS
GAS TYPE: AIR, CO₂, N₂
MIL-STD-810 QUALIFIED
