

## Celebration Day Supplies for Non-Voluntary Contributions

### **Policy**

Throughout the year we love to celebrate special occasion days such as Mother's Day, Easter, Christmas etc.

From September 2025, we will require parents who **do not** wish to take part in the voluntary contributions to provide recourse so that their child can take part in the special occasion craft activities.

The Puffins team will plan ahead, and will give no less than a month's notice as to what will be needed. This may be things like special card, sequins, themed items etc.

If your child attends without the requested items, they will not be able to take part in the planned activity, and will instead take part in a different activity.

All year round, Puffins will provide art supplies to be used as part of our curriculum learning.
