Professional Services

BASIC SERVICES OF FUNERAL DIRECTOR AND STAFF **$3,445**

Our charge includes, but is not limited to staff, facilities, and vehicles to respond to initial requests for service 24 hours every day, consultation with the survivors, coordinating service plans with cemetery, crematory, and/or other parties involved in the final disposition of the deceased, sheltering of the deceased, procuring death certificates and permits, consultation and assistance with procuring various death benefits, accounting and billing, regulatory compliance, legal and audit fees, postage, printing and supplies, telephones, insurance, salaries and benefits for our staff, various county, state and federal taxes and fees. This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. This fee is already included in our charges for direct cremations, immediate burials, and forwarding or receiving remains.

EMBALMING **$695**

Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial. Colorado law does require that the deceased be embalmed or refrigerated if the final disposition is not achieved within 24 hours following death.

- Add $195 for additional time and materials when an autopsy or donation has been performed.

OTHER PREPARATION OF THE BODY **$495**

Includes cosmetology, any restorative art, hairdressing, dressing, and placement of the deceased in the casket.

** The modified refrigeration charge may apply when there is no embalming, but the presence of the deceased is preferred. For practical reasons and to comply with Colorado law requiring embalming or refrigeration after 24 hours from the time of death (CRS 12-135-106), we are able to strategically utilize cooling packs. While much less effective than embalming and invoking more risk of physical deterioration, this can allow for private viewing for up to 2 hours in our facility (where we are best able to manage any issues) and/or a closed casket service at the location of your choice. Usually, this will add a casket/container and Other Preparation of the Deceased.*

Cremation Services

The degree to which we have loved is proportionate to the need to grieve. Routinely, we see co-workers and staff celebrants learning about the life of the person who died and creating healing moments to lift people up and lend meaning. Our facilities are modern and designed for hospitality, multimedia, and gatherings of almost any size. We publish an online obituary at HoranCares.com, coordinate with the clergy/celebrant/officiant, organize seating and sometimes parking, set up memorabilia and flowers, greet people as they arrive and provide memorial folders and/or cards, usher as needed, manage the multi-media presentation of your photo/video tributes, and provide service direction to ensure your wishes are observed. Our presence makes things much easier on one of the most difficult days of your life.

It's important to do this well. Thank you for allowing us to serve you and your family.

Respectfully,

Your Horan & McConaty Team

CREMATION WITH INTEGRITY

Safe and secure for your peace of mind - Most are unaware that many cremation providers outsource the cremation to low-priced bidders who operate in industrial areas. By choosing Horan & McConaty, you gain peace of mind with our superior cremation services and the comfort of knowing that your loved one will always be in the compassionate, capable hands of our staff. We offer cremations at our private crematory, so your loved one never leaves the shelter of our expert care. Most importantly, our licensed and certified, trained professionals handle every step of the cremation process with dignity and respect.

Clean, secure crematory - We are among the few mortuaries to operate our own crematory inside our clean and secure facility.

Individual cremations - Adhering to the highest standards, our experienced professionals follow a rigid 23-Point Pre-Cremation Checklist. Additionally, two staff members participate in every step of the process, assuring that your loved one is cared for appropriately. You can rest assured that we cremate one individual at a time and diligently remove and track all cremated remains.

Identity Assurance - Your peace of mind in knowing your loved one is being properly cared for is important. That's why we hold ourselves to a higher standard than the state-required Chain of Custody, by investing in a digital tracking process that begins the moment your loved one is in the care of our staff. This uniquely designed process not only tracks your loved one, but all personal effects as well, until the final disposition of the cremated remains when they leave our care.

Personal inspections - We are the region's first crematory to encourage each family's personal inspection of our facilities. We also offer a special viewing room located next to our crematory for those who wish to be present for the start of the cremation.

Certified experts – In addition to the license requirements in the state of Colorado, our staff receives advanced certifications to perform cremations. We strictly adhere to our own Cremation Code of Ethics-your assurance of our commitment to honesty and dignity.

FINAL IDENTIFICATION OF THE DECEASED

Cremation is an irreversible process. Where there is human involvement, there will always be the potential for human error. This can apply to hospital, coroner and mortuary staff. To be safe and sure, for your peace of mind and ours, we highly recommend a positive identification of the deceased before cremation. We provide two different cremation viewing options. For a full explanation of this, please refer to the Cremation Viewing Options sheet (see page 7).

Immediate Burial **$3,895 to $23,925**

Immediate burial is the process of arranging for burial of the unembalmed body as soon as possible. Our staff is fully knowledgeable in serving faith-based communities who prefer this option.

Difficulties in filing a death certificate and securing the necessary legal permit immediately and/or a cemetery's inability to open a grave on short notice may require that the body be embalmed ($695) or refrigerated ($95 per day) to comply with State of Colorado health regulations that "A funeral establishment shall embalm, refrigerate, cremate, bury or entomb human remains within twenty-four hours after taking custody of the remains." (CRS 12-135-106). We include 7 days of refrigeration at no extra charge. The casket must stay closed at all times in order to comply with company policy and state law that the deceased be in a refrigerated state.

Immediate Burial options presume that we deliver the deceased to the cemetery for burial at the time of our choosing and that there is no viewing or commemorative gathering involved. This discounted package includes Basic Services of Funeral Director and Staff, Transfer to Mortuary from place of death, Other Preparation, Dressing/Casketing, and Use of Funeral Coach to local cemetery.

For those who wish, we allow you to provide (without markup from us) beer, wine, and liquor for a ceremonial toast and can suggest area liquor stores that deliver (we provide certified bartenders at a reasonable cost to help ensure people are served appropriately). Our fee includes the creation of a memorial video, which can incorporate photos and video, and audio-video equipment. When desired, we can provide a Certified Celebrant™ with an additional fee, to tailor the service with you to reflect the meaning and uniqueness of one's life. Financial Hardships

We encourage you to speak openly about any financial hardship you are experiencing. We take pride in serving all who call our firm, including those with financial difficulties. We work closely with county departments of human services, victim's and workers' compensation departments, the Veteran's Administration, Social Security and other potential sources of funding. We can make suggestions to keep your costs low.

Regardless of what you spend, our superior service quality is the same for all — we are here to help.

Mailing of Cremated Remains

We can package, transport and mail cremated remains by U.S. Postal Service Express Mail anywhere in the United States for $295 (add cost of urn). Other carriers will not accept cremated remains. Express Mail is typically an overnight delivery in the continental U.S. Because we schedule our crematory days in advance, and due in part to the time involved in meeting the legal requirements of the death certificate and disposition permit, we ask for 5 days following death to complete the cremation process. Let us know if this creates difficulty — we'll try our best to accommodate you.

Advance Planning Assistance

We provide free assistance with advance planning. You have the option of locking in today's prices and funding your plan or simply placing your wishes on file and allowing costs to be paid at the time of need. Our Advance Planning Department can be reached directly at 303-743-8804.
