

An awning family **with the best standing.**

Pergola Awnings and Awning Systems for Patio and Balcony

markilux

The best under the sun

Full details
can be found at markilux.com

The sun smiles down on an awning.
Life smiles on you under a markilux.

Outdoor living

Hours of relaxation and recuperation or valuable time well spent with your family and friends – these are the precious moments in which you cherish your outdoor lifestyle. Designer awnings from markilux not only provide shade, they open up new opportunities for enjoying life. They provide protection on hot days and make for a cosy ambience long after the sun has set. In choosing a markilux designer awning, you are opting for the very best quality “Made in Germany” – and for endless hours of light-hearted fun outdoors.

markilux designer awnings have received a multitude of awards:

Reduced to the essence: Free. Time.
Premium quality made in Germany.

For over 50 years, markilux has been developing and manufacturing top-quality solar protection solutions. markilux designer awnings are characterised by their first-rate, multi-award-winning design and innovative technology. The production of awning and cover under one roof is the essence of what markilux “Made in Germany” represents, with the aim of making an al fresco lifestyle comfortable, convenient and enjoyable. With markilux, you can turn your favourite spot outdoors into something extra special. **The best under the sun. Create the most alluring shade in the world.**

markilux quality
High-quality materials and a comprehensive quality management system ensure that every markilux designer awning has a long operating life. As a company, markilux is certified to DIN EN ISO 9001.

markilux functionality
markilux combines innovative technologies and smart solutions to create high-end products. A multitude of accessories and operating options make it possible to individualise your markilux designer awning in line with your own personal wishes.

markilux

markilux service
The combination of a brand product with competent advice and professional installation on site makes your solution perfect. Qualified markilux specialist dealers offer a comprehensive service and are the personal contact in your vicinity.

Member of **Rat für Formgebung**
German Design Council

markilux design
It is the perfect combination of form and function that turns an awning into a markilux designer awning. In this respect, markilux relies on its long-standing experience in R&D and design.

Fantastic ambience. An overview.

markilux

Pergola Awnings

Slender appearance
Design reduced to the essence.
The cover safely tucked away.

Well thought through
Water drainage from the cover via the integral gutter and support posts is assured from a very low pitch of only 5°.

Attractive protection majestically full of fresh air
A waterproof awning cover leaves you perfectly prepared for a comfortable and relaxed season – al fresco. Allow your markilux specialist dealer to give you professional advice.

Many. Fold. Superbly in shape.

markilux pergola stretch
The markilux pergola stretch offers an impressive take on sun and wet weather protection. The cover is perfectly integrated into the minimalistic, high value awning system. The rhythmical, space-saving cover folding technology makes it possible to shade large areas and creates a special and impressive atmosphere. The abundance of optional extras means that the markilux pergola stretch can show itself from its most attractive side.

Pergola awning
maximum 700 × 700 cm

coupled awning

DESIGN AWARD 2024

reddot winner 2024

Big in shade solar protection for those big moments in life
Would you like to shade wide patios perfectly in a stylish manner? Several pergola awnings coupled together provide plenty of protection and enjoyment whatever the occasion.

Minimalism in mind.
Simply big in shade.

Heart-warming. Cool.
The pergola awning for lovers of clean lines and straightforward elegance with plenty of convenience. The resolutely angular design of the pergola style is in very clear focus, lending, as it does, this solar protection system a sense of modern lightness. The purist design presents itself in its best light in the evening. The perfectly integrated LED lighting transforms the patio area into the individual lighting mood you desire. Resolute, heart-warming, cool – by day and night: the markilux pergola style.

markilux shadeplus
This vertical solar shading is perfectly integrated into the front profile and can be retracted and extended manually or via solar power by remote control or app as required.

Awning cover beautifully protected
The slim-line full cassette with a minimalistic design, 205 × 160 mm, offers maximum protection for the awning cover.

Lighting options

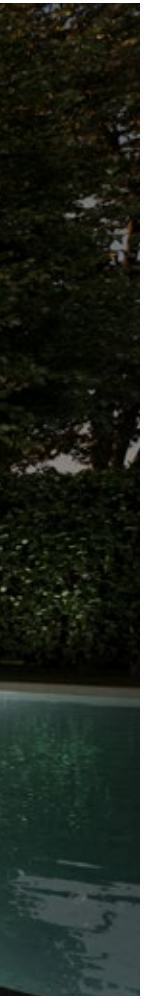

“Cool evening ambience” for an unforgettable al fresco experience.

“Welcome to Miami” and we’re ready for the next party.

“Caribbean feeling” for that short holiday on the patio.

Smart LED lighting options
Individually configure the LED-Line in the cassette and in the guide tracks, in the posts and the footplate covers as well as LED-Uplights in the footplate covers and control them effortlessly via the app. Lighting options in the support post area are only available with rigid post design.

Outdoor Living **24/7**

Cool for hot nights
The markilux pergola style is a feast for the eyes even in daylight. But, when illuminated, the pergola is transformed into a truly brightly lit entity, underlining its purist design and bathing the patio in your very own feel-good atmosphere. Each lighting scenario can be configured easily and individually with the app. But beware! You may find that your evenings end up lasting a little longer than you had intended. markilux pergola style: outdoor living 24/7.

Magical worlds full of atmosphere
Outdoor living in a new light.
And colour. Explore your options
now at markilux.com

Pergola awning
maximum 600 × 450 cm
maximum 500 × 600 cm

Options
coloured lighting (RGB-WW),
LED-Line guide tracks,

wind protection / extra privacy,
round / square posts,
telescopic posts,
ballast boxes,
coupled awning

You have the choice
Discover the range of options under “Options” at the end of this section and in your markilux specialist dealer’s showroom.

markilux shadeplus
The additional vertical blind integrated in the front profile simply blocks out low-lying sun and the glances of inquisitive neighbours.

Coupled pergola awnings
For all those who want even more shade: up to five single pergola awnings can be joined side by side.

For all those, who have grandiose plans even if it is wet and windy.

markilux pergola classic
When it comes to solar and weather protection, the markilux pergola classic is a great choice. The pergola awning on slender posts and with lateral guide tracks provides generous shading with an extension of up to 6 metres. At the same time, the round markilux pergola classic defies wind and weather up to wind force 6 (wind resistance class 3). You have every opportunity to make your favourite outdoor place your very own with the markilux shadeplus as well as with a multitude of lighting options and different post shapes. No matter how strong the sun shines or the wind blows, with your markilux pergola classic you can enjoy life outdoors at any time.

Fantastic views even in bad weather
When the pergola awning is retracted, there is no glass roof construction obscuring the sky and the view to the outside remains unobstructed.

Closed full cassette
The cover disappears completely inside the round cassette, Ø 187 mm, and is ideally protected. The only thing that is more impressive than the look itself is the fact that the technology works perfectly.

markilux tracfix
One of many markilux refinements: the lateral cover guidance system that leaves no gap between the cover and the guide track. Gives an overall better appearance and improves wind stability.

Pergola awning
maximum 600 × 450 cm
maximum 500 × 600 cm

Options
coloured lighting (RGB-WW),
LED-Line cassette / guide tracks,
shadeplus,
wind protection / extra privacy,
round / square posts,
telescopic posts,
ballast boxes,
coupled awning

Wonderful, functional and reliable
Regardless of whatever style you prefer – in the personal combination of awning cover and technology you are bound to find precisely the markilux pergola cubic that fulfils your requirements perfectly.

Essentially square.
Practically superb.

markilux pergola cubic
The design of the new markilux pergola cubic was developed entirely in the spirit of the Dessau Bauhaus philosophy. Functional, clear and timeless contouring on the basis of cubist simplification. In addition to the proven solar protection benefits offered by the pergola, this model integrates itself harmoniously and impressively into today's modern architecture and makes a big impression – not only with its high-quality workmanship.

The pinnacle of quality and convenience
Extras for more shade, light and warmth – discover all the ways you can personalise your awning in the showroom of your markilux specialist dealer and at markilux.com

Reduced design language
The angular cassette, 200 × 160 mm, offers room for large-scale solar protection up to 600 × 450 cm or 500 × 600 cm, and as a coupled awning a whole lot more.

markilux shadeplus
More shade and protection – even when the sun is low in the sky. Optionally solar driven using markilux sundrive.

markilux shadeplus
Blocks out glare from the sun and prying eyes in an instant.

An “all-round” achievement
The square, compact cassette, 125 × 125 mm, protects the awning cover all round.

GERMAN DESIGN AWARD WINNER 2018

reddot design award
winner 2017

Dependable. Anywhere. For anyone.

markilux pergola compact
The pergola compact unites the graceful shape of the classic pergola with state-of-the-art product design and sophisticated technology. The compact, space-saving awning system on slender support posts is ideal for smaller patios. The lateral guide tracks with markilux tracfix always keep the cover taut. The markilux pergola compact invites you to lounge and take it easy. Attractive and functional solar protection. Anywhere. For anyone.

Pergola awning
maximum 450 × 400 cm

Options
coloured lighting (RGB-WW),
LED-Line cassette / guide tracks,
shadeplus (manual),
wind protection / extra privacy,
round / square posts,
telescopic posts,
ballast boxes

Always in the best light
Highlights with LED-Line (RGB-WW) in the cassette and on the guide tracks guarantee endless hours of pleasure outdoors – even long after the sun has set.

LED-Line (RGB-WW)
Light for reading or socialising, optionally under the guide tracks, controllable, dimmable. For pergola style / cubic / compact also available in the cassette.

Telescopic post
For better water drainage, the posts can be lowered between 20 and 40 cm. On request with a motor. Cannot be combined with lighting in the posts and footplate covers in the pergola style.

markilux sundrive
An integrated solar module can drive the shadeplus motor. When the awning is extended, the front profile and the guide tracks finish perfectly flush with one another.

Lateral wind protection / extra privacy
For protection from wind, weather and prying eyes, markilux offers you versatile textile solutions. We would be happy to advise you!

Square posts
As an alternative to round posts, square ones fulfil the desire for clean straight lines.

Ballast boxes
Give your markilux pergola reliable stability when securing the front posts in the foundations is not possible or desired.

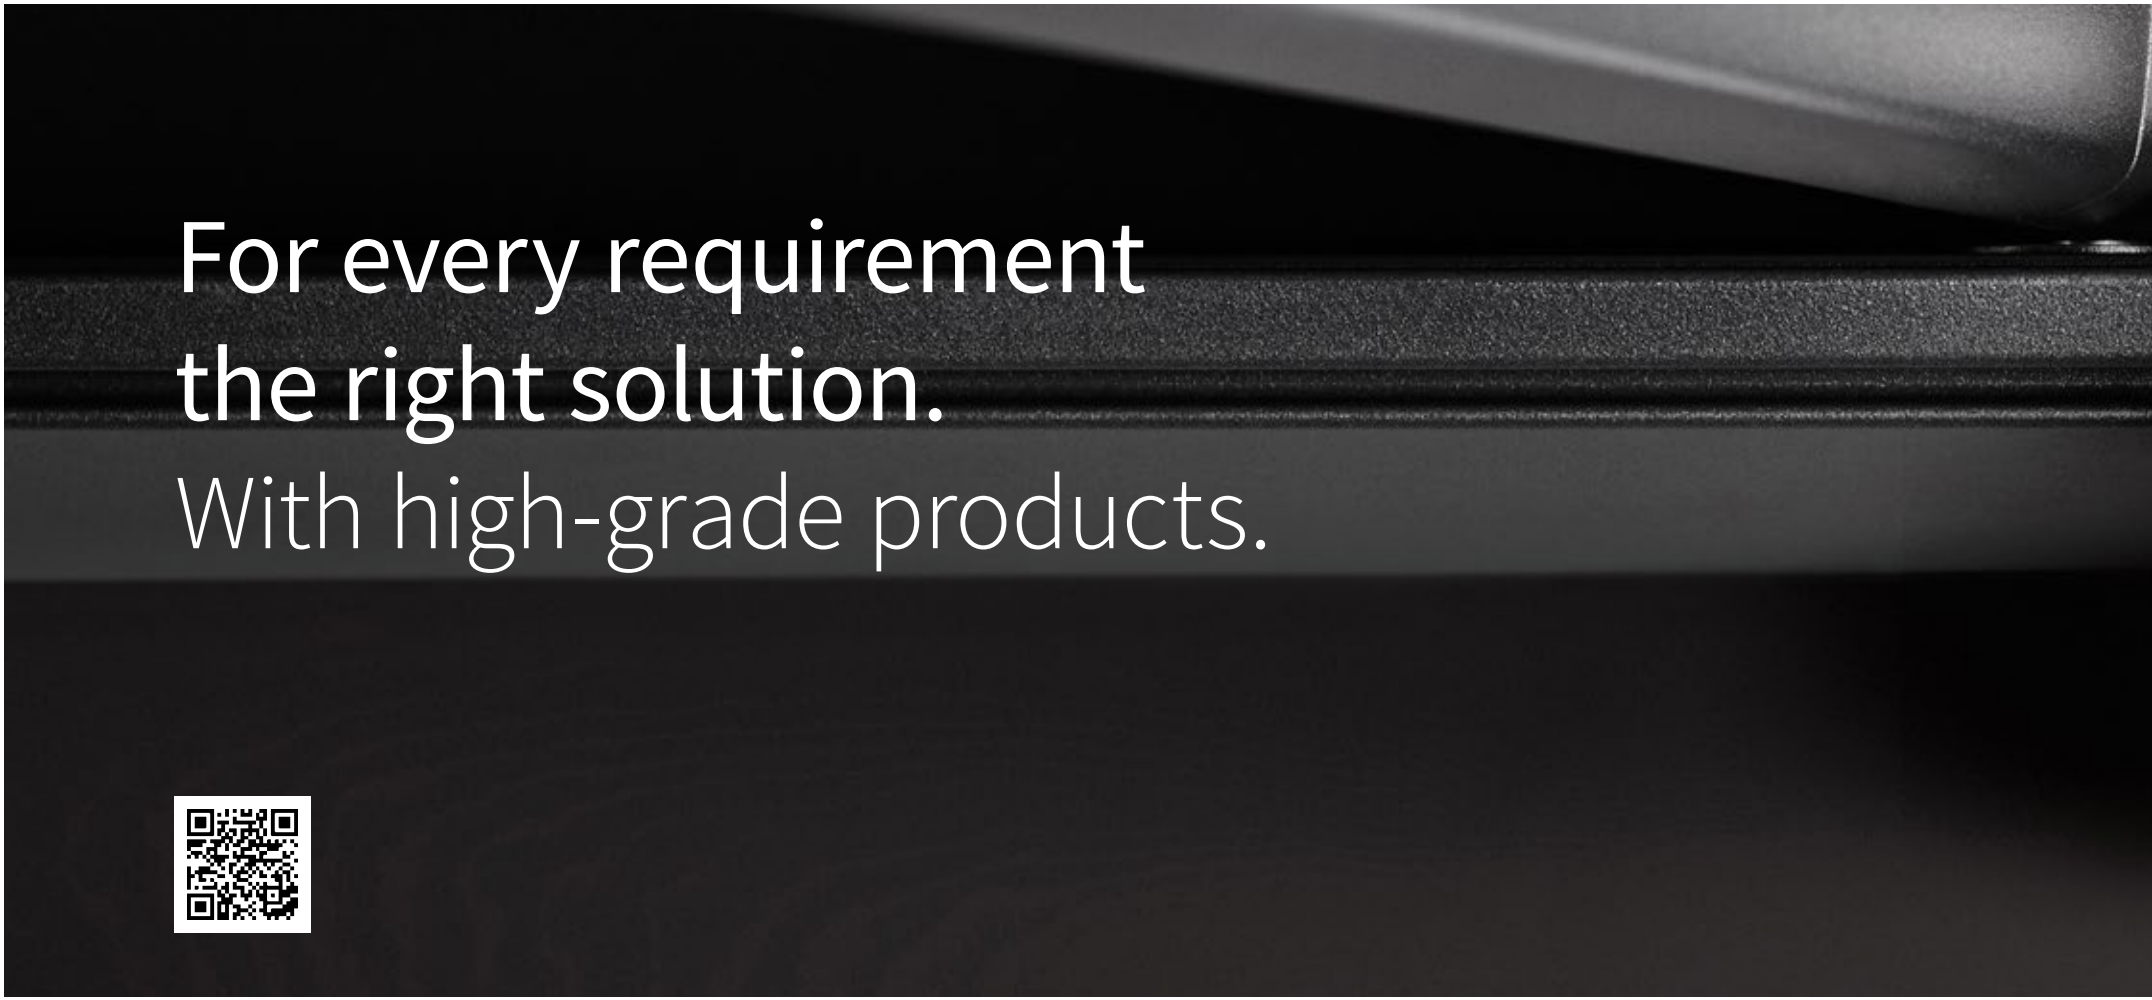

Stainless steel crank
Bring the adjustable posts to the desired height in no time at all.

Options

markilux shadeplus

The vertical protection against sun and prying eyes – up to 230 cm in height – creates a private room outdoors with its own special ambience.

Up to any challenge:

markilux

Awning Systems

Awning system
maximum post separation up to 600 × 600 cm
with two independently functioning awnings,
as a 1-field unit up to 300 × 600 cm,
overall height 260 cm,
special dimensions possible

Options
coloured lighting (RGB-WW),
LED-Line frame / gutter,
LED-Spots gutter,
vertical cassette blinds,
wind protection / extra privacy,
as well as a range of convenience and design options

Versatile in both form and function
As a stand-alone unit or integrated into the existing architecture, the markilux markant is compelling and makes a big impression in any situation.

Your very own personal space in the open air
With vertical cassette blinds, and protection against the wind and prying eyes on the markilux markant, you can create your own cosy space outdoors. You will find detailed information in your local markilux specialist dealer's showroom or at markilux.com

Make the rain **take a detour.**

markilux markant
Plan the use of the markilux markant free-standing awning roof system to meet your own personal solar protection requirements. The awning, integrated into the frame, lends the system a textile character, its fabrics making it possible to create the pleasant colour ambience you have in mind. The markilux markant offers protection, security, freedom, an outstanding appearance and comfort in a purist design.

On request – that little bit extra
Whether it's smart LED lighting (RGB-WW) or infrared heaters: markilux markant meets all your requirements for a cosy outdoor space.

Awning system
depending on the awning model up to 60 m², as a coupled unit even larger areas are possible

Arm technology
depends on the awning model

Options
depends on the awning model
coloured lighting (RGB-WW) and shadeplus,
uno (only one awning / pergola),
flex (with ballast boxes),
round / square posts,
footplate cover,
coupled system

markilux syncra flex
The ballast boxes allow installation without concrete foundations on site.

Detailed information is available from your markilux specialist dealer
Whether for buildings that cannot have awnings attached for structural reasons, or for open-air seating areas – the markilux syncra stands for perfect, large-format solar protection.

markilux syncra uno
Two feet. One awning. No problem!
The markilux syncra uno proves itself a stable base even with just one “wing”.

markilux syncra pergola
With the additional posts at the front and the tracfix lateral cover guidance system, this option offers particular advantages in terms of size and wind stability.

This will stand on its own two feet for you.

markilux syncra
Generous shading right where you need it. That is the promise made by the markilux syncra. And one it keeps. As a single unit, it will shade up to 60 m^2; as a coupled awning even larger areas are no problem.

This free-standing awning stand system literally stands on its own two feet: two round or square posts and a massive cross-beam ensure reliable stability. Depending on the requirements, one or two folding arm awnings or markilux pergolas can be attached to it. This awning system is either firmly anchored to the ground (“fix”) or installed using ballast boxes (“flex”).

No matter which variant you choose, you can always count on the markilux syncra.

Awning system
depends on the awning model
maximum 600 / 610 × 300 cm
maximum 500 / 510 × 350 cm

Arm technology
depends on the awning model

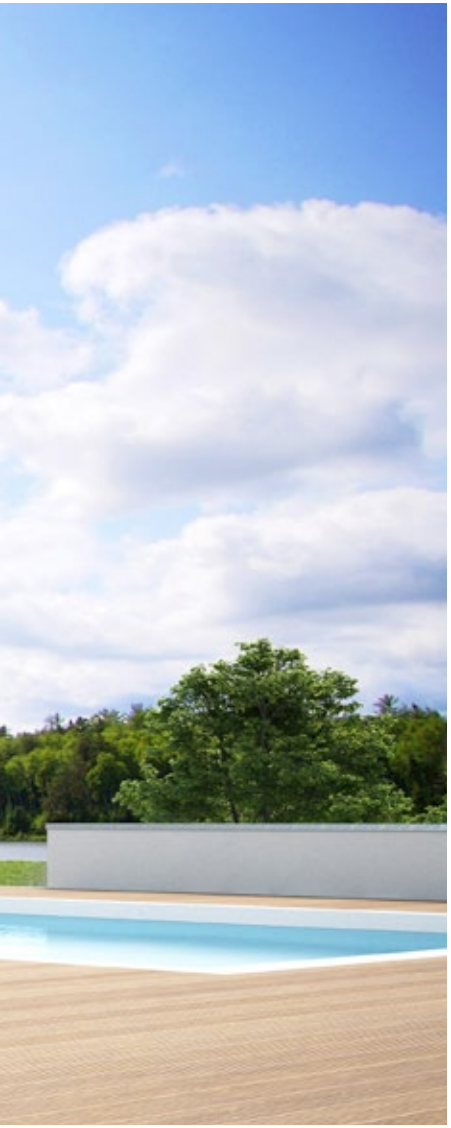

Options
depends on the awning model
coloured lighting (RGB-WW)
and shadeplus,
flex (335° pivoting),
footplate cover

flex option
The markilux planet flex can be rotated and positioned wherever you need shading – by up to 335° with the Easy-Go lever.

An awning parasol with designer awning of your choice
Your markilux specialist dealers know exactly what they are doing. Allow yourself to be inspired by the broad range of options, your local sun specialist will take care of everything else.

Always revolving around **your requirements.**

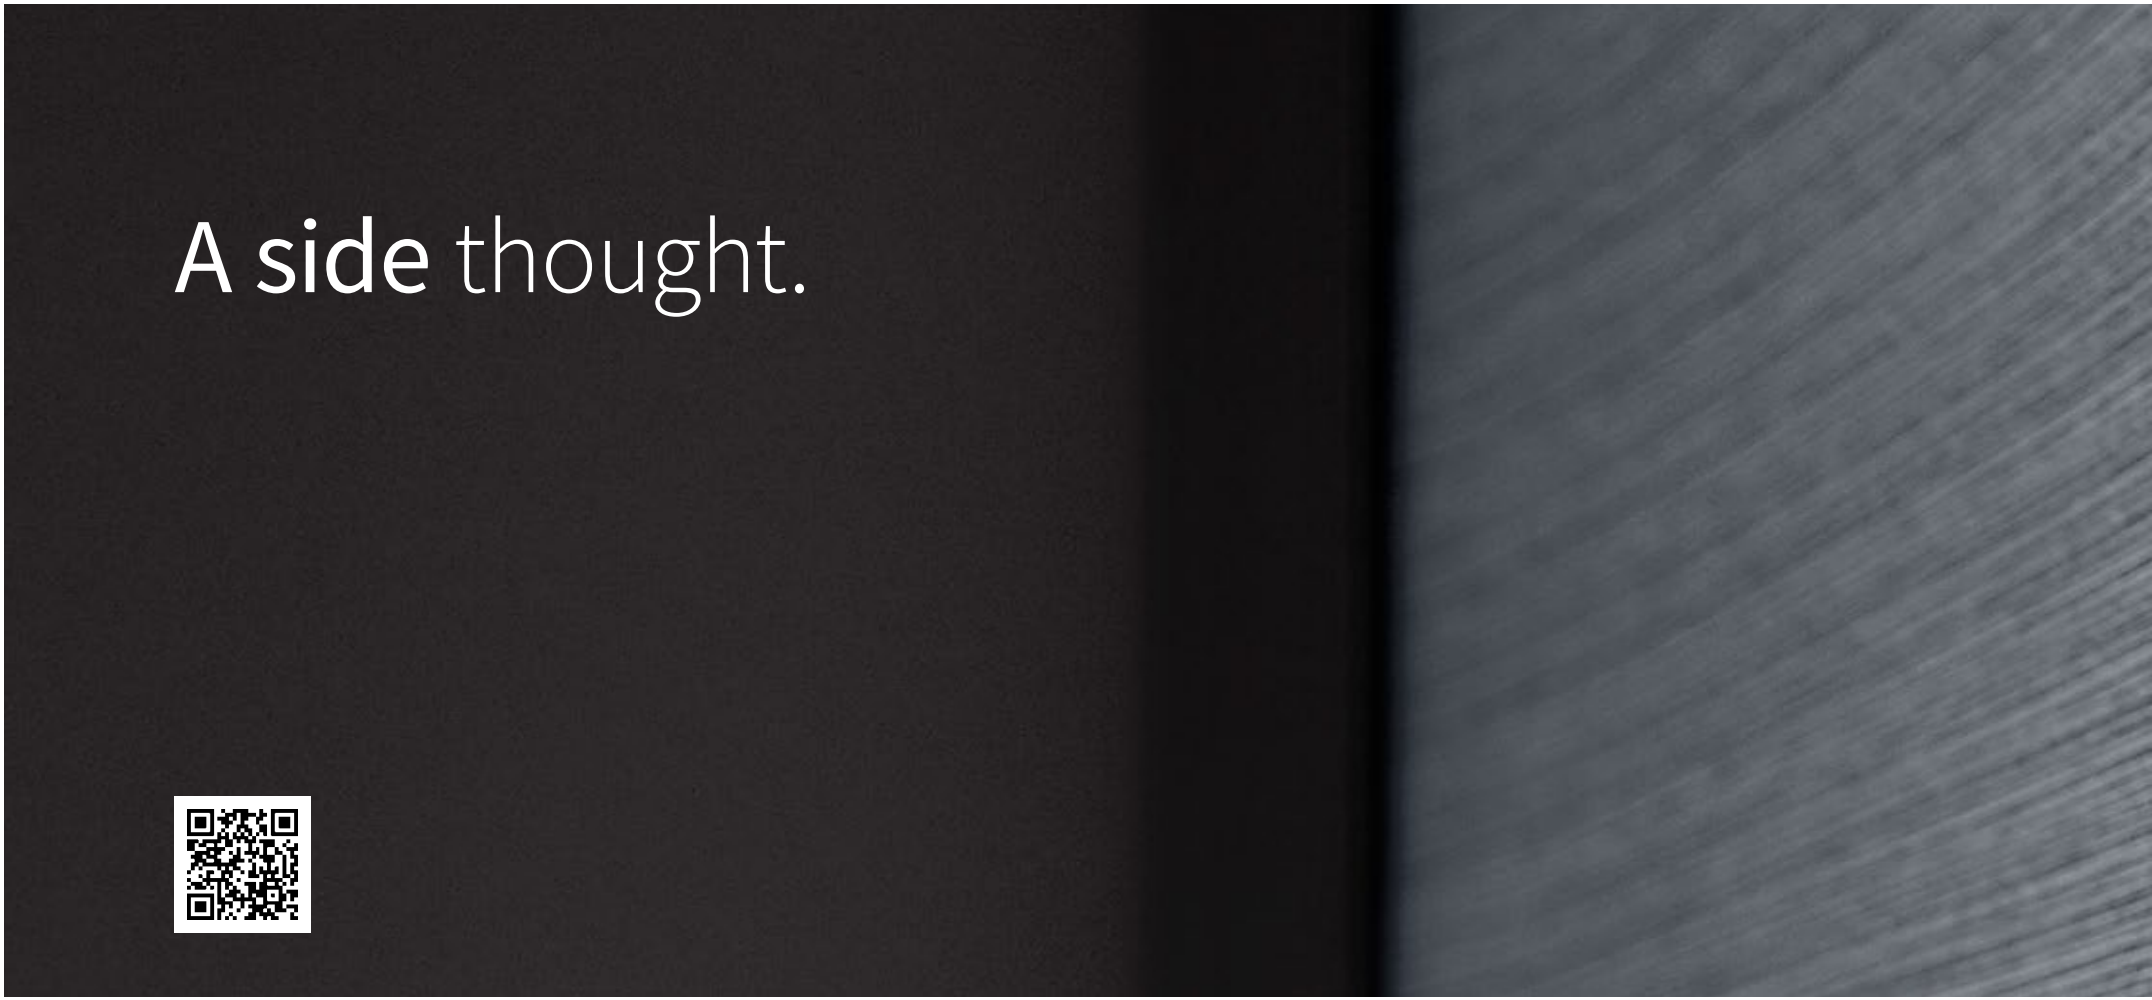

markilux planet

The markilux planet is a parasol and awning in one. It's an eye-catcher that provides perfect shading for your room outdoors. This awning-cum-parasol protects you from solar radiation with exceptional reliability; it is extremely sturdy, yet versatile in its deployment. With the Easy-Go lever in the flex variant, you can simply rotate it by up to 335° – so you can have shade wherever it is required. The slim post carries the selected markilux designer awning with ease and the combination of functionality and design is impressive. The markilux planet is further proof that everything revolves around your requirements at markilux.

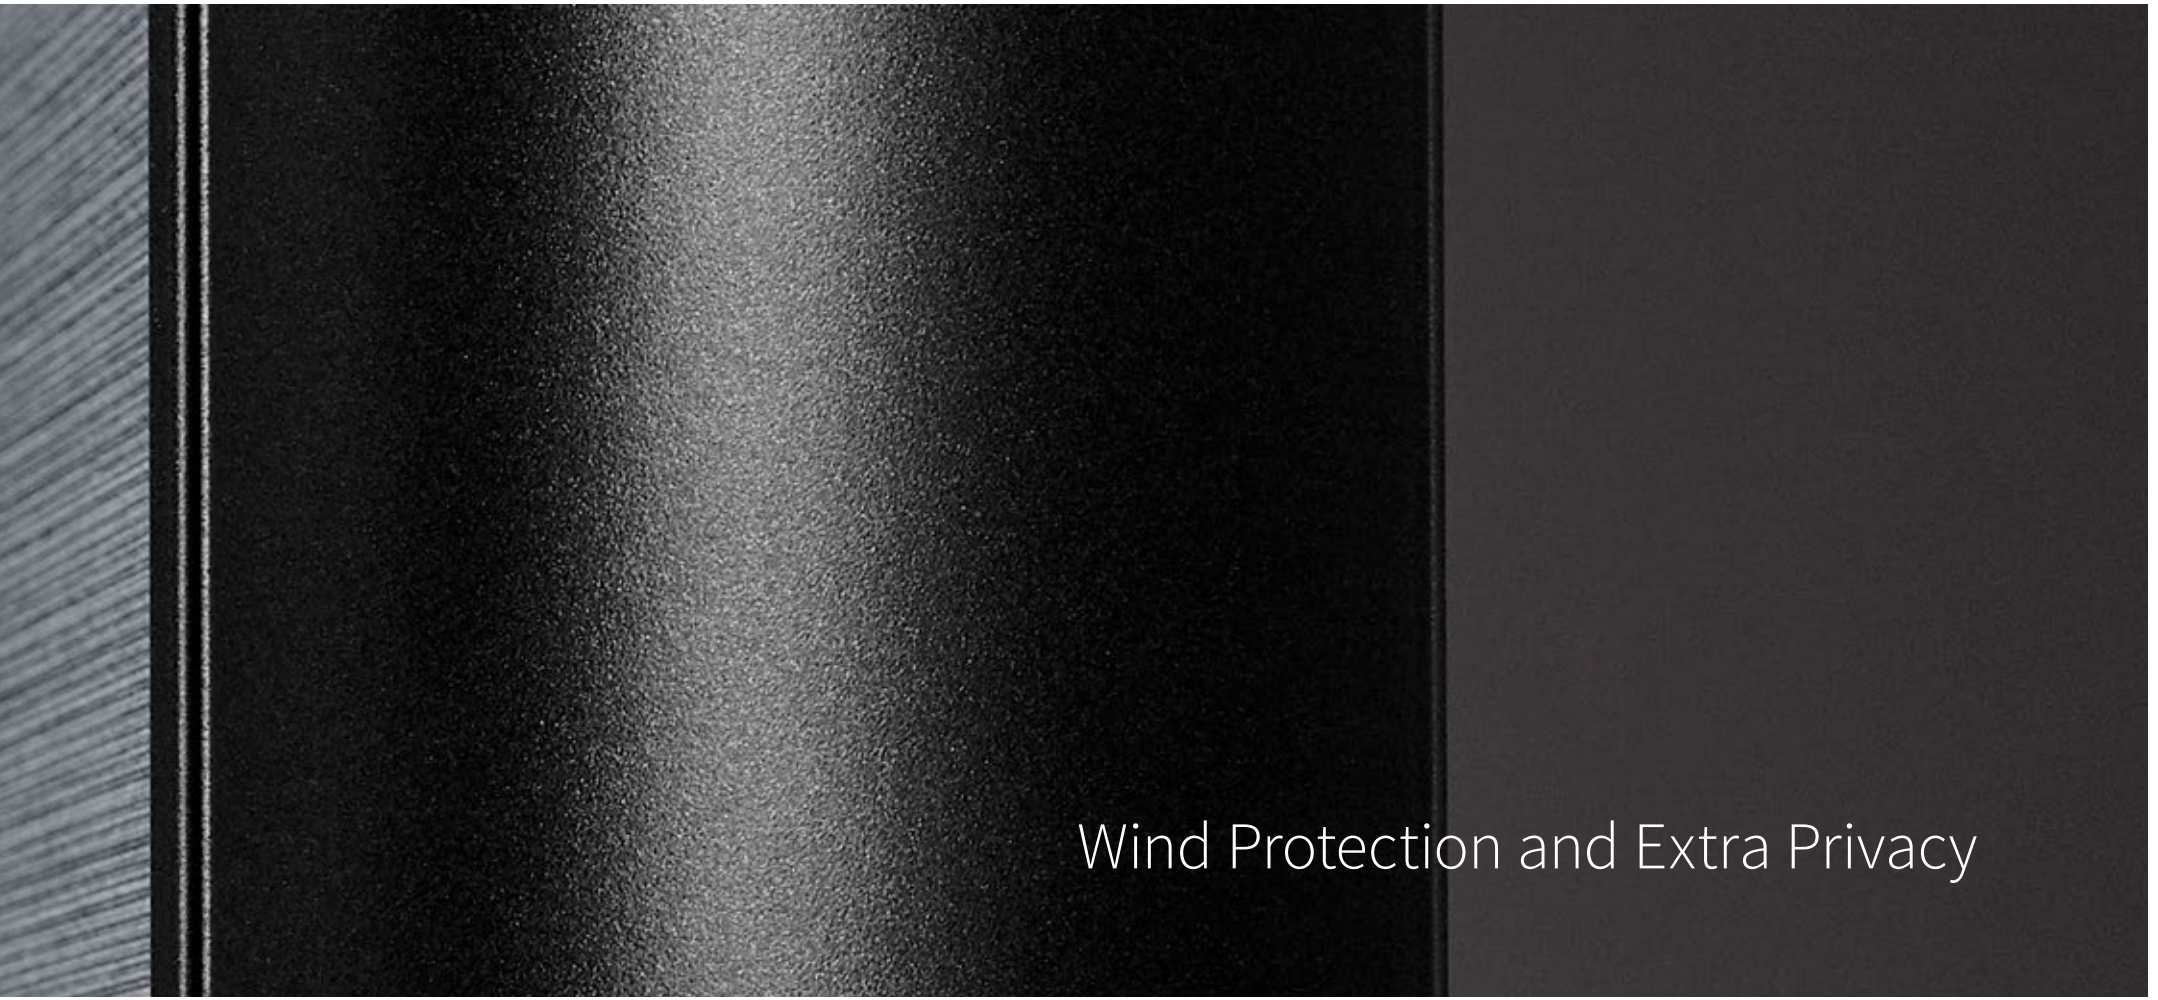

markilux shadeplus

This versatile protection against low-lying sun, inquisitive glances and glare integrated into the front profile allows you to enjoy the late afternoon sun without having to worry about prying eyes.

The nicer sides of life
can be found at markilux.com

markilux

Modular. Convertible. Wonderful.
Whether individually or grouped together – the markilux format is much more than just a blind. It is an appeal to sociability – in textile form.

Decorates and protects your favorite place
The robust, textile wind and privacy protection without visible connecting elements enhances your privacy many times over.

Framed in. No limits. Versatile.
The markilux clamp system keeps the cover under tension. Basic frame sections can be added in modular fashion.

Life has a lot of nice sides to it.
And now your home does, too.

markilux format
Put up partitions to shield yourself from prying eyes – or create your own personal space in the open air with its own textile cosiness. markilux format puts a world of possibilities at your fingertips – with more than 200 fabric patterns to choose from.

Wind protection and extra privacy
individual unit maximum 300 × 250 cm,
can be extended as needed

Options
triangular solutions
for markilux awning systems,
panoramic windows

Integrated into an awning system
Vertical protection, perfectly tailored to markilux awning systems,
on request possible with panoramic window.

The elegant way to show your neighbours **where privacy begins.**

markilux 790
There are few seating areas outdoors that are protected on all sides from sun, wind and prying eyes. Therefore, this slim markilux side screen simply makes your life on balcony or patio more comfortable and enticing. It can be extended in one smooth movement and is always by your side when you need it and feel like making use of its benefits.

Side screen
Extension: maximum 450 cm
Height: 90 – 250 cm

Options
sloping top edge to the cover, mobilfix (up to a height of 213 cm), numerous fixture options

Sloping top edge
The cover is available with a sloping top edge which can be cut to match the pitch of your markilux awning. It creates a beautiful, enclosed and protected area free from prying eyes and the glare of the sun.

mx_790

markilux mobilfix
The movable support post with granite base plate stands secure, wherever you want it to.

A broad range of fixture options
markilux offers you a suitable fixture option for virtually every installation situation.

A clear overview.
Opening up exciting prospects.

Awning Covers, Colours, Operation and Technical Specifications

Self-cleaning effect
Water droplets pick up dirt particles and run off the awning cover taking dirt with them (the awning must be set at a pitch of at least 14°), ensuring you can enjoy your beautiful fabric for a long time to come.

Bonded awning covers
Panel joints bonded together ultrasonically ensure a consistent, unobtrusive appearance. Their excellent resistance to water, light and fluctuations in temperature ensures that the service life of the cover is extended substantially.

Light and weather resistance and resistance to fading
High-tech yarns dyed right to the core and the high-grade snc finish developed in house guarantee the most stunning shade in which to relax.

Detailed information about the typical properties of awning fabrics is available from your markilux specialist dealer and in the current markilux awning fabric brochure.

The most beautiful fabric
between heaven and earth.

Our unique covers help to create a special ambience

The colour and quality of the awning fabric are what help make the ambience on your patio something special. Colour nuances, patterns and textures succeed in creating that uniquely special effect by virtue of their brightness and hue. As a leading manufacturer of high-grade awning fabrics with 50 years of experience in the manufacture of textiles, markilux offers an unparalleled variety. The markilux textile design team is constantly developing new patterns in line with the latest trends, which are nevertheless characterised by their timeless appeal. Among the more than 200 patterns in thematically coordinated colour families, you are bound to find your very own and most beautiful fabric between heaven and earth.

markilux awning colours
The awning frame colour complements and enhances the colour of the fabric and creates a perfect link to the architectural surroundings. From a variety of shades of white through to the timelessly elegant anthracite, a broad range of colours is available to you. And if you want to create your own particular colour scheme? No problem! We will gladly manufacture your dream awning in your own personal shade.

Our high-grade powder coating finish is guaranteed for any awning colour you choose.

Matching every architectural style and customer demand
All markilux awning colours are available without surcharge.
We would be happy to produce non-standard RAL colours on request.

Make it easy on yourself.
And comfortable.

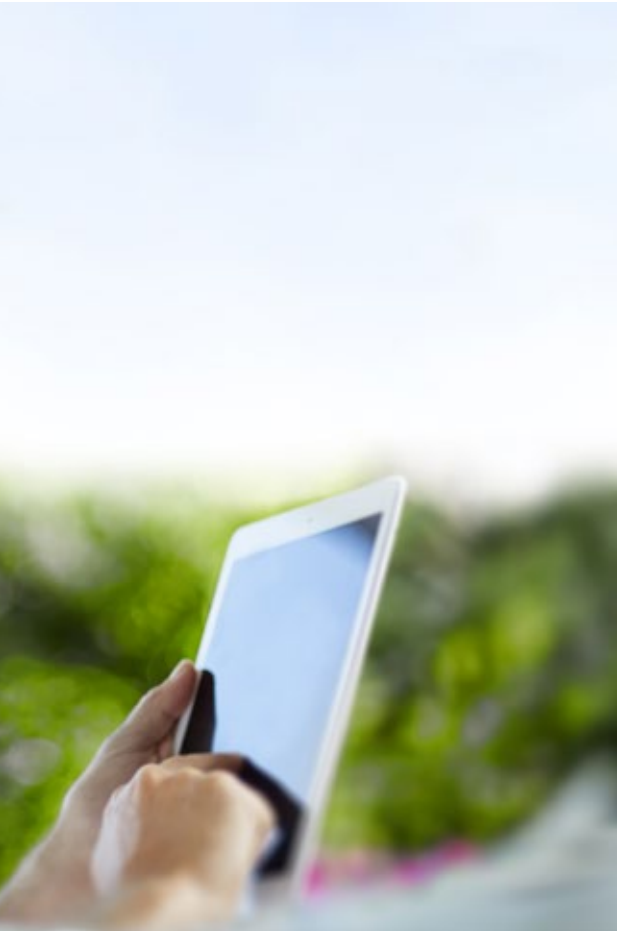

markilux ease of operation
Fulfils the highest expectations and can be used in any weather conditions. The choice is yours: manual operation, hard-wired motor or radio-controlled motor with remote control are all possible on most models. And if you wish, light, wind and rain sensors will control your markilux designer awning according to the prevailing weather conditions. Alternatively, you simply operate it at home yourself and this can even be done when you're out and about via your smartphone or tablet.

Your markilux specialist dealer is at your disposal should you have any queries and will provide you with details on how you can connect several individual units together and operate them with the touch of a button.

Smart control via App / Home automation
Arrange your own personal patio atmosphere by controlling the awning, the lighting, heating and in conjunction with your smartphone or tablet – whether you are relaxing on your patio or away from home.

Availability depends on the model

Automatic weather controls

Light sensor
Intelligent control of your blind or awning according to the intensity of the sun's rays. Battery operated, so there is no need for a mains power supply.

Rain sensor
The awning retracts automatically in the case of precipitation. This intelligent control mechanism protects the cover on your awning.

Light and wind sensor
According to the prevailing weather conditions, this intelligent control system will extend and retract your awning automatically.

markilux vibrabox
Intelligent, sensitive and independent of the mains. Inertia sensor which reacts to the level of vibration caused by the wind and prompts a motor-driven awning to retract if the predetermined wind speed is exceeded.

Hard-wired motor / Radio-controlled motor

markilux remote control
Comfort can be so easy. Awning, shadeplus, light and warmth at the touch of a button.
