ARTICLE IV COVENANT FOR MAINTENANCE ASSESSMENTS

Section 1. Creation of the Lien and Personal Obligation of Assessments. The Declarant, for each Lot owned within the Properties, hereby covenants, and each Owner of any Lot by acceptance of a deed therefore, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association: (1) annual assessments or charges, and (2) special assessments for capital improvements, such assessments to be established and collected as hereinafter provided. The annual and special assessments, together with interest at 8%, costs, and reasonable attorney's fees, shall be a charge on the land and shall be continuing lien upon the Property against which each such assessment is made. Each such assessment, together with interest, costs, and reasonable attorney's fees, shall also be the personal obligation of the person who was the Owner of such Property at the time when the assessment fell due. The personal obligation for delinquent assessments shall not pass to his successors in title unless expressly assumed by them.

Section 2. Purpose of Assessment. The assessments levied by the Association shall be used exclusively to promote the recreation, health, safety, and welfare of the residents of the Properties and for the improvement and maintenance of the Common Area.

Section 3. Maximum Annual Assessment. Until January 1 of the year immediately following the conveyance of the first Lot to any Owner, the maximum annual assessment shall be \$250.00 per Lot.

(a) From and after January 1 of the year immediately following the conveyance of the first Lot to an Owner, the maximum annual assessment may be increased each year not more than Twenty-Five (\$25.00) Dollars above the maximum assessment for the previous year without a vote of the membership.

(b) From and after January 1 of the year immediately following the conveyance of the first Lot to any Owner, the maximum annual assessment may be

increased above Twenty-Five (\$25.00) Dollars by a vote of two thirds (2/3) of each class of members who are voting in person or by proxy, at a meeting duly called for this purpose.

(c) The Board of Directors may fix the annual assessment at an amount not in excess of the maximum.

Section 4. Special Assessments. In addition to the annual assessments authorized above, the Association may levy, in any assessment year, a special assessment applicable to that year only for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of capital improvement upon the Common Area, stormwater ponds and spreader, including pipes and infrastructure related thereto, drainage canals and basins, provided that any such assessment shall have the assent of two-thirds (2/3) of the votes of each class of members who are voting in person or by proxy at a meeting duly called for this purpose.

Section 5. Notice and Quorum from Any Action Authorized Under Section 3 and 4. Written notice of any meeting called for the purpose of taking any action authorized under Section 3 or 4 shall be sent to all members not less than fifteen (15) days, nor more than sixty (60) days, in advance of the meeting. At the first such meeting called, the presence of members or of proxies entitled to cast thirty percent (30%) or as otherwise set forth in the bylaws of all the votes of each class of membership shall constitute a quorum. If the required quorum is not present, another meeting may be called subject to the same notice requirement, and the required quorum at the subsequent meeting shall be one-half (1/2) of the required quorum at the preceding meeting. This procedure shall continue until a quorum is reached. No such subsequent meeting shall be held more than sixty (60) days following the preceding meeting.

Section 6. Uniform Rate of Assessment. Both annual and special assessments must be fixed at a uniform rate for all Lots and may be collected on a monthly basis.

Section 7. Date of Commencement of Annual Assessment: Due Dates. The annual assessments provided for herein shall commence as to all Lots with houses on them that have been sold or occupied on the first day of the month following the conveyance. The first annual assessment shall be adjusted according to the number of months remaining in the calendar year. The Board of Directors shall fix the amount of the annual assessment against each Lot at least thirty (30) days in advance of each annual assessment period. Written notice of the annual assessment shall be sent to every Owner subject thereto. The due dates shall be established by the Board of Directors. The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether the assessments on a specified Lot have been paid. A properly executed certificate of

the Association as to the status of assessments on a Lot is binding upon the Association as of the date of its issuance.

Section 8. Effect of Nonpayment of Assessments; Remedies of the Association. Any assessment not paid within thirty (30) days after the due date shall bear interest from the date due at the rate of eight percent (8%) per annum. The Association may bring an action at law against the Owner personally obligated to pay the same or foreclose the lien against the Property. No Owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common Area or abandonment of his Lot.

Section 9. Subordination of the Lien to Mortgages. The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage. Sale or transfer of any Lot shall not affect the assessment lien. However, the sale or transfer of any Lot pursuant to mortgage foreclosure or any proceeding in lieu thereof, shall extinguish the lien of such assessments as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability for any assessment thereafter becoming due or from the lien thereof.

ARTICLE V ARCHITECTURAL CONTROL

No building, shed, fence, wall or other structure shall be commenced, erected or maintained upon the Properties, nor shall any exterior addition to or change or alteration therein be made until the plans and specifications showing the nature, kind, shape, height, materials, and location of the same shall have been submitted to and approved in writing by Declarant or Board of Directors of the Association during the first five years, or by the Board of Directors or an Architectural Control Committee composed of three (3) or more representatives appointed by the Board after the first five years. In the event said Board, or its designated Committee, fails to approve or disapprove such design and location within thirty (30) days after said plans and specifications have been submitted to it, approval will not be required and this Article will be deemed to have been fully complied with.

In the event of such recombination or combination, any easements reserved along the interior Lot lines which have been recombined and deleted, shall be withdrawn and shall not constitute an encumbrance on such Lot and shall be reserved only along the perimeter boundary lines of the total Lots or portions thereof so owned by the one (1) Owner.

Section 6. Dwelling Size. Any dwelling erected upon any lot shall contain not less than 1,400 square feet of enclosed floor heated area. (e) Alteration of the drainage as shown on the approved plans may not take place without the concurrence of the Division.

(f) The maximum built-upon area per residential lot is 4,000 square feet. The maximum built-upon area for the commercial lots is as follows:

Lot C-01 @ 20,240 sf
 Lot C-02 @ 24,236 sf
 Lot C-03 @ 25,148 sf
 Lot C-04 @ 20,287 sf

These allotted amounts include any built-upon area constructed within the lot property boundaries, and that portion of the right-of-way between the front lot line and the edge of the pavement. Built-upon area includes, but is not limited to, structures, asphalt, concrete, gravel, brick, stone, slate, coquina, driveways, and parking areas, but does not include raised, open wood decking, or the water surface of swimming pools.

(g) Built-upon area in excess of the permitted amount will require a permit modification to ensure ongoing compliance with the permit and the stormwater rules.

(h) Filling in, piping or altering any vegetated conveyances (ditches, swales, etc.) associated with the development, except for average driveway crossings, is prohibited by any persons.

(i) Filling in, piping or altering any designated curb outlet swale or vegetated area associated with the development is prohibited by any persons.

(k) All roof drains shall be released as dispersed flow no closer than at the edge of the 50-foot vegetated setback. At no time shall stormwater runoff be piped into or through the setback.

(l) Each designated curb outlet must convey stormwater runoff to a vegetated conveyance swale or vegetated area as shown on the approved plans and must carry the peak flow from the 10-year storm at a non-erosive velocity, be maintained at a minimum of 100' long, 3:1 (H:V) side slopes or flatter, a minimum bottom width of 2 feet; a longitudinal slope no steeper than 5%, and a dense vegetated cover.

(n) Each commercial lot whose ownership is not retained by the permittee shall submit a separate stormwater permit application to the Division and receive approval prior to construction.

If the permittee sets up an Architectural Review Committee (ARC) to review plans for compliance with the restrictions, the plans reviewed must include all proposed built-upon area (BUA). Any approvals given by the ARC do not relieve the lot owner of the responsibility to maintain compliance with the permitted BUA limit

ARTICLE VII SEDIMENTATION AND EROSION CONTROL

Section 1. The Declarant's State Approved Erosion and Sedimentation Control Plan does not include approval of land disturbing activities associated with any lot.

Section 2. Lot Owners or their agents shall comply with the North Carolina Sedimentation Pollution Control Act.

Section 3. Lot Owners or agent of the Lot Owners shall provide and maintain buffer zones sufficient to restrain visible sedimentation, between the land disturbing activity and any adjacent property, including the street right of way and watercourse.

Section 6. The Lot Owners or agent of the Lot Owners within the shorter of fifteen (15) working days or ninety (90) calendar days after completion of construction must provide a permanent ground cover sufficient to restrain erosion.

Section 7. These devices, if required by any governmental authority or by Declarant, shall be constructed and maintained in accordance with the then current ordinances and regulations of the governmental authority having jurisdiction thereof. No construction debris shall be placed or dumped on any street right of way. Any ground cover or drainage system located within rights of way of streets which are disturbed during construction activity shall be re-established by the Lot Owners responsible for such activity.
