Torrance Cup

The George Watson's College Golf Club Championship Cup was donated in 1933 by TA (Tony) Torrance and is known as the Torrance Cup. It is competed for by pupils at George Watson's College as the school golf championship.

TA Torrance was one of 2 brothers who played for Great Britain & Ireland against the USA in the Walker Cup. WB Torrance played in the first ever match in 1922 at Long Island, New York and TA played in the 3rd match at Garden City, also in New York in 1924. In 1932, TA Torrance returned to the USA as the Captain of the GB&I Walker Cup team at Brookline, Massachusetts.

A renowned golfer and friend of the great amateur Bobby Jones, it is said that Torrance and Jones came up with the idea of limiting the number of clubs allowed after seeing caddies carrying over 20 clubs. They recommended it to the R&A, of which Torrance was a member and shortly afterwards the limit of 14 clubs was introduced, which is still used today. He is also responsible for entering Watson's into their first Halford Hewitt in 1934, where they reached the final with a team including the Torrances and fellow Scotland Internationalists J Brock and RA McKinna.

The year after his Walker Cup captaincy he donated the Torrance Cup and given his stature in the game, it is fitting that the first winner was AS Flockhart who defended it in 1934 and then went on to become Scottish Amateur Champion in 1948.

Since then it has been won by another Walker Cup player John R Cater in 1937 and former champions also include 3 Scottish Internationalists, 3 Scottish Boy Internationalists, a British Boys Champion, several Lothians Champions and a Captain of the R&A.

Many GWC champions have gone on to represent the Watsonian Golf Club with honour, including 12 who have won the Halford Hewitt (H), 12 who have won the WGC Gold Medal (G), 7 who have won both and 7 Club Captains (C).
