USA SOFTBALL

USA Softball is a volunteer driven, not-for-profit organization based in Oklahoma City, OK, which was founded in 1933 and has evolved into the strongest softball organization in the country. The growth and development of USA led the United States Olympic Committee (USOC) to name USA the "National Governing Body of Softball", pursuant to the Amateur Sports Act of 1978.

The USA has many important responsibilities as the national governing body of softball in the United States, including regulating competition to insure fairness and equal opportunity to the millions of players who annually play the sport.

When the USA entered the softball picture in 1933, the sport was in a state of confusion with no unified set of playing rules and no national governing body to provide guidance and stability. The USA changed all that by adopting softball's first universally accepted rules of play and by organizing consistent and fair competition across the nation.

USA has become one of the nation's largest and fastest growing sports organizations and now sanctions competition in every state through a network of 73 local associations. The USA has grown from a few hundred teams in the early days to over 250,000 teams today representing a membership of more than four million.

For more info, visit the USA National Website: www.usasoftball.com

USA SOFTBALL OF PENNSYLVANIA

USA SOFTBALL OF PA, doing business as ASA of PA, refers to the Pennsylvania “local association” which includes all counties in the state and the Philadelphia metro area.

The USA Softball of PA is the trademarked property of the national USA organization. Pennsylvania typically ranks in the top 4 associations in the nation for USA youth registrations.

Pennsylvania is divided into 15 **Districts**. A District Commissioner is appointed to each district. The District Commissioner then appoints a staff consisting of Deputy District Commissioner(s), JO Commissioner(s), Deputy JO Commissioner(s), UIC's, etc.

A complete list of USA Softball of PA Staff can be found on our website at www.usasoftballofpennsylvania.com.

It is important for all leagues/teams to know who their District Commissioner and/or District JO Commissioner is. Their signatures are required on various Official USA forms which will be discussed later in this guide.

Districts are grouped into 4 Areas: Northeast, Southeast, Central and West. Each area is directed by an Area VP and other staff.

On the National level, USA Softball of PA is part of the Northeast Region (Region 1) and the Eastern Territory. (see “Region” and “Territory” in Definitions for more info)
