PSYCHOLOGICAL  
ASSOCIATION

# COMMISSION ON ACCREDITATION 2009 ANNUAL REPORT ONLINE SUMMARY DATA: DOCTORAL PROGRAMS

# **INTRODUCTION**

The Annual Report was created in 1998 to provide the American Psychological Association's Commission on Accreditation (CoA) more in-depth information in between full programmatic reviews. In order to maintain accreditation from one year to the next, programs must submit detailed information in the Annual Report. In previous years, the Annual Report was submitted in paper format; however, as of 2003 all submissions were required to be completed online. Since that time, programs have submitted their information via the Annual Report Online (ARO). The ARO requires programs to submit data about their students and faculty, as well as information on the program as a whole. This document provides a summary of the data provided on the 2008-2009 academic year.

In the past, summary reports such as this were printed and provided annually to our constituents, professional psychology organizations, and to members of the public upon request. However, the CoA believes that these data will be better available to public electronically. Accordingly, from this point forward, all annual summary reports will be solely provided on the public website of the [Office of Program Consultation and Accreditation](#) (OPCA).

The data are provided in three main sections. First we provide data on the program as a whole. This includes items such as admission rates and time to degree completion. The second section provides data on students. You can find demographic information and undergraduate information on first year students here. The last section summarizes data on faculty members. This is where demographic and professional activities can be found.

To better understand the data, we encourage you, as the reader and consumer, to use the information provided for your own analyses. We hope that this will facilitate better understanding of the changes occurring in our field now and in the future. If you have any questions or concerns about the data, please do not hesitate to contact the OPCA.

# 2009 Doctoral - Student Level Data

## II-C-1. Student Professional Activities

Accredited programs are required to provide annual updates on the professional activities of their students. Doctoral students need to provide updates on six activities from the current year. The full wording of these questions is provided below as well as how they are labeled in the subsequent tables.

Question #	Column Label	Question Wording
1	Member	Indicate if the student is a member of a professional or research society by selecting either "Yes", "No" or "N/A". This includes Student affiliates.
2	Presentations	Indicate if the student is an author or co-author of papers or workshops at professional meetings by selecting either "Yes", "No" or "N/A". This includes work published (or in press)/presented during the 2008-2009 academic year only. Books may be included.
3	Articles	Indicate if the student is an author or co-author of articles in professional or scientific journals by selecting either "yes" or "no". This includes work published (or in press)/presented during the 2008-2009 academic year only. Books may be included.
4	Research	Indicate if the student is involved in grant-supported research by selecting either "Yes", "No" or "N/A". This includes RA's.
5	Teaching	Indicate if the student is involved in teaching on an ongoing basis by selecting either "Yes", "No" or "N/A". This includes TA's.
6	Practicum	Indicate if the student is involved in supervised practicum training on or off campus by selecting either "yes" or "no". This includes externship and practicum placements, but excludes internship placement.

## III-B-1. Faculty Classifications

During the full-review process, programs must demonstrate that they have resources of appropriate quality and sufficiency to achieve education and training goals and objectives. The number and quality of faculty members falls under this requirement. When completing records on faculty members, programs must identify their role by selecting a classification. The definitions of these classifications are provided below.

Classification	Definition
Core Program Faculty	Faculty members who devote at least 50% of their professional time to program-related activities. See IR C-18 for clarification. This time does not include other department-related activities, such as undergraduate teaching or broader department administration, but only includes time devoted to the accredited program.
Associated Program Faculty	Faculty members other than those identified as the program's core faculty, but have responsibilities within the program for teaching, advising, etc. This would include other faculty within the department and university that teach program courses.
Other Contributors	Individuals who have a role in the program, but to a much more limited extent than core or associated faculty and have minimal contact with students. This would include individuals who present seminars, regularly supervise practicum, or teach as adjunct faculty.

## III-C-1. Faculty Professional Activities

Accredited programs are required to provide annual updates on the professional activities of their faculty members. Faculty members need to provide updates on ten activities from the current year. The full wording of these questions is provided below as well as how they are labeled in the subsequent tables.

Question #	Column Label	Question Wording
1	Member	Indicate if the faculty is a member of a professional or research society by selecting either "Yes", "No" or "N/A".
2	Presentations	Indicate if the faculty is an author or co-author of papers or workshops at professional meetings by selecting either "Yes", "No" or "N/A". This includes work published (or in press)/presented during the 2008-2009 academic year only. Books may be included.
3	Articles	Indicate if the faculty is an author or co-author of articles in professional or scientific journals by selecting either "yes" or "no". This includes work published (or in press)/presented during the 2008-2009 academic year only. Books may be included.
4	Research	Indicate if the faculty member is the recipient of grants or contracts by selecting either "Yes", "No" or "N/A".
5	Undergraduate	Indicate if the faculty member is involved in undergraduate teaching by selecting either "Yes", "No" or "N/A".
6	Master's	Indicate if the faculty member is involved in masters teaching by selecting either "Yes", "No" or "N/A".
7	Doctoral	Indicate if the faculty member is involved in doctoral teaching by selecting either "Yes", "No" or "N/A".
8	Research Supervision	Indicate if the faculty member is involved in research supervision by selecting either "Yes", "No" or "N/A".
9	Service Supervision	Indicate if the faculty member is involved in professional service supervision by selecting either "Yes", "No" or "N/A". This includes practicum supervision.
10	Deliver Services	Indicate if the faculty is engaged in the delivery of professional services by selecting either "Yes", "No" or "N/A".

## **FINAL COMMENTS**

The variables provided in the preceding tables were agreed upon by the CoA. They represent information that is requested most often from the public. The Office of Program Consultation and Accreditation (OPCA) is happy to provide other types of data to the public. These requests must be formally submitted to the OPCA and approved by the CoA, consistent with [Implementing Regulation](#) E1-3(a).

If you have any questions about this report or any other accreditation data, you can contact the OPCA at:
