COMMISSION ON ACCREDITATION

2015 ANNUAL REPORT ONLINE

SUMMARY DATA: DOCTORAL PROGRAMS

INTRODUCTION

The Annual Report was created in 1998 to provide the American Psychological Association's Commission on Accreditation (CoA) more in-depth information in between full programmatic reviews. In order to maintain accreditation from one year to the next, programs must submit detailed information in the Annual Report. In previous years, the Annual Report was submitted in paper format; however, as of 2003 all submissions were required to be completed online. Since that time, programs have submitted their information via the Annual Report Online (ARO). The ARO requires programs to submit data about their students and faculty, as well as information on the program as a whole. This document provides a summary of the data provided on the 2014-2015 academic year.

In the past, summary reports such as this were printed and provided annually to our constituents, professional psychology organizations, and to members of the public upon request. However, the CoA believes that these data will be better available to public electronically. Accordingly, from this point forward, all annual summary reports will be solely provided on the public website of the Office of Program Consultation and Accreditation (OPCA).

The data are provided in three main sections. First we provide data on the program as a whole. This includes items such as admission rates and time to degree completion. The second section provides data on students. You can find demographic information and undergraduate information on first year students here. The last section summarizes data on faculty members. This is where demographic and professional activities can be found.

To better understand the data, we encourage you, as the reader and consumer, to use the information provided for your own analyses. We hope that this will facilitate better understanding of the changes occurring in our field now and in the future. If you have any questions or concerns about the data, please do not hesitate to contact the OPCA.

Student Professional Activities

Accredited programs are required to provide annual updates on the professional activities of their students. The full wording of these questions is provided below as well as how they are labeled in the subsequent tables.

| Question # | Column Label | Question Wording |
|------------|---------------|---|
| 1 | Member | Indicate if the student is a member of a professional or research society. |
| 2 | Presentations | Enter the number of workshops, oral presentations, and/or poster presentations at professional meetings the student has been an author or co-author of. This only includes work presented during the current academic year. |
| 3 | Articles | Enter the number of books, book chapters or articles in peer-reviewed professional or scientific journals the student has been an author or co-author of. This only covers work published during the current academic year. Publications "in press", "under review", or "submitted" should not be counted here. |
| 4 | Lay Audience | Indicate if the student presented a psychological topic to a lay or community audience during the current reporting period. |
| 5 | Leadership | Indicate if the student was involved in leadership roles or activities in professional organizations during the current reporting period. These can include roles in state/provincial, regional, or national professional organizations. |

Faculty Classifications

During the full-review process, programs must demonstrate that they have resources of appropriate quality and sufficiency to achieve education and training goals and objectives. The number and quality of faculty members falls under this requirement. When completing records on faculty members, programs must identify their role by selecting a classification. The definitions of these classifications are provided below.

| Classification | Definition |
|----------------------------|---|
| Core Program Faculty | Faculty members who devote at least 50% of their professional time to program-related activities. See IR C-18 for clarification. This time does not include other department-related activities, such as undergraduate teaching or broader department administration, but only includes time devoted to the accredited program. |
| Associated Program Faculty | Faculty members other than those identified as the program's core faculty, but have responsibilities within the program for teaching, advising, etc. This would include other faculty within the department and university that teach program courses. |
| Other Contributors | Individuals who have a role in the program, but to a much more limited extent than core or associated faculty and have minimal contact with students. This would include individuals who present seminars, regularly supervise practicum, or teach as adjunct faculty. |

2015 Doctoral - Faculty Level Data

Faculty Professional Activities

Accredited programs are required to provide annual updates on the professional activities of their faculty members. Faculty members need to provide updates on twelve activities from the current year. If a faculty member was not active in the program during the reporting period, programs were instructed to select the “N/A” option. The full wording of the questions is provided below as well as how they are labeled in the subsequent tables.

| Question # | Column Label | Question Wording |
|------------|--------------------------------|--|
| 1 | Member of Professional Society | Indicate if the faculty is a member of a professional or research society. |
| 2 | Presentations | Indicate if the faculty member was the author or co-author of workshops, oral presentations, or poster presentations at professional meetings. This only includes work presented during the current reporting period. |
| 3 | Lay Audience Presentations | Indicate if the faculty member presented a psychological topic to a lay or community audience during the current reporting period. |
| 4 | Publications | Indicate if the faculty member was the author or co-author of books, book chapters or articles in peer-reviewed professional or scientific journals. This only covers work published during the current reporting period. Publications "in press," "under review," or "submitted" should not be counted here. |
| 5 | Leadership Roles | Indicate if the faculty member was involved in leadership roles or activities in professional organizations during the current reporting period. These can include roles in state/provincial, regional, or national professional organizations. |
| 6 | Grant Recipient | Indicate if the faculty member was the Principal Investigator or Co-Principal Investigator on research grants or contracts during the current reporting period. |
| 7 | Undergraduate Teaching | Indicate if the faculty member is involved in Undergraduate teaching. |
| 8 | Master's Teaching | Indicate if the faculty member is involved in Master's teaching. |
| 9 | Doctoral Teaching | Indicate if the faculty member is involved in Doctoral teaching. |
| 10 | Research Supervision | Indicate the number of doctoral students the faculty member provided primary research supervision for during the current academic year. |
| 11 | Service Supervision | Indicate the number of doctoral students the faculty member provided primary professional service supervision for during the current academic year. |
| 12 | Service Delivery | Indicate the number of hours a week the faculty member spent in professional practice during the current academic year. |
