COMMISSION ON ACCREDITATION
2025 ANNUAL REPORT ONLINE
SUMMARY DATA: MASTER'S PROGRAMS

INTRODUCTION

The Annual Report was created in 1998 to provide the American Psychological Association's Commission on Accreditation (CoA) more in-depth information in between full programmatic reviews. In order to maintain accreditation from one year to the next, programs must submit detailed information in the Annual Report. Since this is the first Annual Report for master's programs, it was submitted in an excel format. In the future, all submissions will be completed online. The Annual Report Online (ARO) requires programs to submit data about their students and faculty, as well as information on the program as a whole. This document provides a summary of the data provided on the 2024-2025 academic year.

In the past, summary reports such as this were printed and provided annually to our constituents, professional psychology organizations, and to members of the public upon request. However, the CoA believes that these data will be better available to public electronically. Accordingly, from this point forward, all annual summary reports will be solely provided on the public website of the Office of Program Consultation and Accreditation (OPCA).

The data are provided in three main sections. First, we provide data on the program as a whole. This includes items such as admission rates and time to degree completion. The second section provides data on students. You can find demographic information and undergraduate information on first year students here. The last section summarizes data on faculty members. This is where demographic and professional activities can be found.

To better understand the data, we encourage you, as the reader and consumer, to use the information provided for your own analyses. We hope that this will facilitate better understanding of the changes occurring in our field now and in the future. If you have any questions or concerns about the data, please do not hesitate to contact the OPCA.

Student Professional Activities

Accredited programs are required to provide annual updates on the professional activities of their students. The full wording of these questions is provided below as well as how they are labeled in the subsequent tables.

Question #	Column Label	Question Wording
1	Member	Indicate if the student is a member of a professional or research society.
2	Presentations	Enter the number of workshops, oral presentations, and/or poster presentations at professional meetings the student has been an author or co-author of. This only includes work presented during the current academic year.
3	Articles	Enter the number of books, book chapters or articles in peer-reviewed professional or scientific journals the student has been an author or co-author of. This only covers work published during the current academic year. Publications "in press", "under review", or "submitted" should not be counted here.
4	Lay Audience	Indicate if the student presented a psychological topic to a lay or community audience during the current reporting period.
5	Leadership	Indicate if the student was involved in leadership roles or activities in professional organizations during the current reporting period. These can include roles in state/provincial, regional, or national professional organizations.

Faculty Classifications

During the full-review process, programs must demonstrate that they have resources of appropriate quality and sufficiency to achieve education and training goals and objectives. The number and quality of faculty members falls under this requirement. When completing records on faculty members, programs must identify their role by selecting a classification. The definitions of these classifications are provided below.

Classification	Definition
Core Program Faculty	Faculty members who devote at least 50% of their professional time to program-related activities. See Standard IV.B.1 for clarification. This time does not include other department-related activities, such as undergraduate teaching or broader department administration, but only includes time devoted to the accredited program.
Associated Program Faculty	Faculty members other than those identified as the program's core faculty, but have responsibilities within the program for teaching, advising, etc. This would include other faculty within the department and university that teach program courses.
Other Contributors	Individuals who have a role in the program, but to a much more limited extent than core or associated faculty and have minimal contact with students. This would include individuals who present seminars, regularly supervise practicum, or teach as adjunct faculty.

Faculty Professional Activities

Accredited programs are required to provide annual updates on the professional activities of their faculty members. Faculty members need to provide updates on twelve activities from the current year. If a faculty member was not active in the program during the reporting period, programs were instructed to select the “N/A” option. The full wording of the questions is provided below as well as how they are labeled in the subsequent tables.

Question #	Column Label	Question Wording
1	Member	Indicate if the faculty is a member of a professional or research society.
2	Presentations	Indicate if the faculty member was the author or co-author of workshops, oral presentations, or poster presentations at professional meetings. This only includes work presented during the current reporting period.
3	Lay Audience	Indicate if the faculty member presented a psychological topic to a lay or community audience during the current reporting period.
4	Articles	Indicate if the faculty member was the author or co-author of books, book chapters or articles in peer-reviewed professional or scientific journals. This only covers work published during the current reporting period. Publications "in press," "under review," or "submitted" should not be counted here.
5	Leadership Roles	Indicate if the faculty member was involved in leadership roles or activities in professional organizations during the current reporting period. These can include roles in state/provincial, regional, or national professional organizations.
