U7-U9 Quick Facts

Union JUNIORS is an open enrollment program designed as a 10-month program with built in breaks. We do offer payments plans that are monthly, seasonally and annually. Our goal for our program is to develop players in a positive environment with great coaches/curriculum. We want to attract players and families that will potentially want to play for Union KC Competitive teams. We will be offering a WINTER ONLY option this year and you can select this option when you register - see Winter Only Option Flier!

Free Trial Sessions for Interested Players: If you have a player or group of players interested please email mmathis@unionkcsoccer.com to communicate and we will make sure you have date, time and location.

Information/Parent Packet: If you want to know details about the program including philosophy, annual rhythm, fees, curriculum, etc...

Practices and Frequency (Winter): All of the age groups and genders for Union KC Jr's Pre Competitive will have two practice options per week in the winter. Players can attend one or both but our expectation is that they attend one per week. 1) **Tuesdays at Homefield Olathe "Mini Pitches 1-4" from 5pm to 6pm.** 2) **Apex Sports Hub (Independence) on the large field from 5:30pm to 6:30pm on Wednesdays.**

Winter Practice Schedule will begin November 10th. We will not practice the week of Thanksgiving nor will practice the last two weeks in December.

kcsoccerONE Indoor League: We will start league play the weekend of Dec. 5th. Games can be played on Fridays, Saturdays and Sundays. Games are played at Apex Sports Hub and/or Z Sports.

Team Formation: We will organize the groups into teams for the Winter League. However, we will have the groups practice prior to placing them. We want to see the kids, get to know the them, solidify final numbers and we want to make teams that will work well with one another as well as fit in the league brackets.

Communication Expectations: We will use PlayMetrics app for text, emails, calendars, roster, etc... Jr's Director will send out a weekly communication to parents on Thursday or Friday of each week. This email will update parents on training topics, suggestions for at home practice, expectations, issues, observations, etc..

U7-U9 Winter Only Option

The vast majority of our players register and remain in the program for the duration of the soccer year. We do have open enrollment so players can join at anytime and we prorate fees on the 15th of each month. This is our preferred method of joining the program as we want to progress the players throughout the year and develop them over time. Having players join seasonally can be detrimental to the overall group b/c players come in at various levels of development and it may be hard to progress the entire group at the rate we are anticipating.

However, we also realize that many players come out of rec league in the Fall and they may be looking to get involved in higher level training and play games indoors. So, we have decided to offer a Winter Only Rate and allow players to just come into the program for November through February (they are welcome to extend after February). The juniors program is a great stand alone program, but many of our players continue to play in their recreational leagues and this has worked out well for everyone.

Normal Fees:

u7-u9 (2019, 2018 and 2017 Birth years) pay \$150 down and then \$62.50 month

All of these fees include all training, facility rentals, coaching fees, league fees, uniforms

Winter Only Fees: November 10th through February

u7u8u9 (2018, 2017 and 2016 Birth years) have a set fee of \$350. This fee includes all fees including your uniform.

This option is included in the program payment plans when you register for the program.
