

Eye Drop Schedule

DIABETIC

The following schedule is to help you keep track of when to administer your eye drops. Do not begin using your eye drops until the **day of surgery** (i.e. AFTER your surgery). Wait five (5) minutes between drops.

SHAKE ALL DROPS PRIOR TO USE!!

Week of Surgery

	DAY OF SURGERY:	Day 2	Day 3	Day 4	Day 5	Day 6	Day 7
