

LETTER FROM DR. MICHAELA HICKEY, DO

Dear Patients,

This letter comes to you with a heavy heart as I am announcing my departure from Ophthalmology Associates of Osborne (OAO) at the end of August 2026. This decision did not come lightly. I will be leaving Pennsylvania to support my family's needs, which is my primary focus right now. Although I am excited for this next chapter for my family, it is difficult to say goodbye to the practice, my patients, and the community I have had the privilege of serving over the past two years!

I am so thankful to our patients, other community providers, and the clinicians and support staff here at OAO, and I am saddened to leave. My time at OAO was made so meaningful by all of you and it has truly shaped my professional and personal development. I will fondly remember countless moments of humble gratitude that practicing at OAO and being your provider has afforded me.

OAO has been a trusted practice for over sixty years, and this will continue for years to come. Whether you came to OAO as a new patient or are a long-time patient of mine, your care will be well looked after by our doctors. You may have even seen them before I joined OAO. I entrust your care to Drs. Lindsey Lear, Michael Alunni, Aaron Harsch, Douglas Bowers, and Jenny Yu as this practice continues to grow and flourish.

Thank you for your understanding as I take this next step for my family. I wish you and your loved ones continued health and happiness. It has been an honor to participate in your care!

Sincerely,

Michaela Hickey, DO
