

JOSH SHEETS

nominated by Ray Stinson

Josh loves everything about the outdoors and has hiked thousands of miles of notable trails all across the country. He is an ambassador for a few gear and clothing companies and is a notable member of the trail community.

His first season as a Ridgerunner took him to Maryland for the long season contract. In this position he has made meaningful impacts on hikers of all demographics, has contributed to the PATC, and challenges himself to do better and make ethical decisions on every patrol.

In addition to providing support for MD short season RR, Dillon, Josh has contributed to a fun work environment for other Ridgerunners as well. He's thoughtful, considerate, and always looking to pay it forward. He's a great asset to the club.

Being a Delaware resident, I think a PATC membership would suit Josh perfectly.
