

CARERS PROGRAM

- Focuses on **practical skills and emotional supports** needed to care for people living with dementia
- Teaches **problem solving techniques**, a structured approach to address problems
- Coaches care partners in **communication skills** through the use of **simulation**
- Provides strategies for keeping a meaningful relationship with the person living with dementia
- **Evidence based** program developed by the Reitman Centre, Sinai Health System

CARERS Program runs for 8 weekly sessions, 2 hours per session, maximum 6 care partners in a group and is free of charge to care partners of people living with dementia. Individual Intake Assessment is Required Prior to Group Enrollment. Care partners must be caring for a person with a Dementia Diagnosis who resides in the Community (not suitable for persons residing in Long Term Care).
