

ELITE DIAGNOSTIC IMAGING SERVICE

Fast-track your diagnosis: No more waiting months for CT or MRI scans

Your benefits include Elite Diagnostic Imaging Services for non-urgent MRIs and CT scans — at no cost to you!

The public healthcare system in Canada covers CT scans and MRI services, but you can expect lengthy wait times. Some Canadians have been queued for months to a year or more to get a public visit. On the other hand, private clinics offer the same service with appointments available much sooner, however they are costly.

Get peace of mind from experts who care. You can get answers and make a plan that works for you — with all costs covered by your employer or insurer.

Teladoc Health has built relationships with accredited facilities over the years to have you get your MRI or CT scan in days, not months.

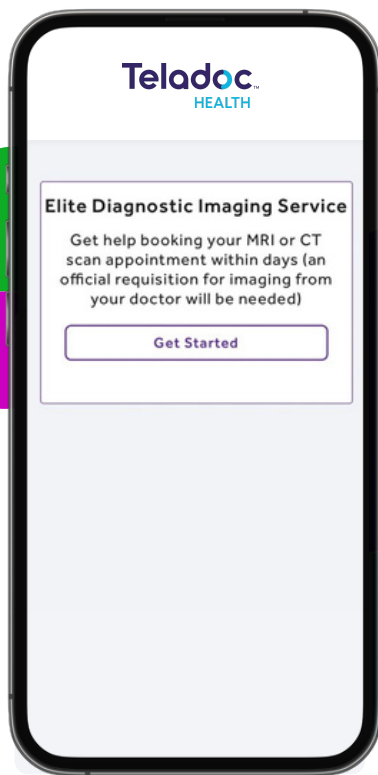

98%

member satisfaction*

3 days

from scan to physician

*Data on file, 2022

How it works:

1. First initiate with contacting our team by phone or email to start a case
2. Sign and return a medical release form along with your diagnostic requisition
3. We facilitate scheduling of an appointment at your preferred clinic
4. After the scan, the radiology report will be sent to your treating physician

Without Teladoc Health:

10.6 weeks wait time for MRI*

4.5 weeks wait time for CT*

\$819 private MRI scans**

\$347 private CT scans**

*2022 Canadian average

**2021 Canadian average

Avoid the wait and start your journey to better health.
