

BIRCHWOOD BEAT

SMALL TOWN SPIRIT. BIG COMMUNITY HEART.

www.birchwoodonthegreen.com

JULY 2025

WELCOME!

Welcome to the Birchwood Beat, the official newsletter for the Birchwood on the Green Community! Congratulations to our newly elected board of directors: President, Kyle Barbeau, Vice President, Ed Colley, Treasurer, Chris Veros, Secretary, Teresa Hansen, and Directors Andrew Manfredi, Lorraine Tignetti, and Nat Zappia. Thank you to everyone who ran in this year's election and to all who attended the meeting - we take your feedback very seriously and are committed to the betterment of our community.

Reminders

It's summer! That means school's out, the temperature is up, and wildlife is out in full force. Some friendly reminders:

- Keep dumpster doors closed - leaving them open attracts unwanted dinner guests
- Thank you to our responsible pet parents
- Be careful in the extreme heat
- Grab or leave a summer reading book from one of our Little Libraries
- Watch for children at play - parents, please do not let children play unattended
- See something, say something
- The Party Room is available to rent! Please contact the Maintenance Department, 631-589-4225 if you are interested in reserving this room for your next party.

Ideas for building our future

We are working hard to make useful improvements to the Birchwood on the Green website. Notable updates include: Links to download the most recent memos and notices, ability to download the most recent issue of this newsletter, and links to local services such as the Town of Islip website, LIRR schedule and more. We will continue to make improvements and welcome suggestions.

Committees and More

In an effort to enhance a sense of community and bring added value to our residents, we would like to announce our newest committee, The Activities Committee. This group will work to bring a mixture of fun, educational, and creative functions to our community. If you are interested in joining this committee, please contact Julia Kodis.

There are also a number of events and things to take advantage of during the summer months in Oakdale and the surrounding areas. Here are a few ideas for some summer fun: Thursday night car shows in Lighthouse Commons, "Anything Goes" will run at CM Theater for the Performing Arts August 16th - September 7th, Byron Lake Pool is open for the season, Sayville Summer Fest Aug. 1-3, and the Sayville Farmer's Market (open Saturdays from 9am-2pm at Broadway and Montauk Highway).

Send comments, concerns, & committee interest to: Julia Kodis, Kaled Management
