Money For People (not banks)

For our November meeting, we have three segments.
The usual short video reminder of why the Positive Money organisation exists and what it campaigns for.
We want to revive and revitalise the local group to have more influence on PositiveMoney the central organisation.
A discussion about **your view** on banks, cost of living, and what should government and PositiveMoney do about it. How to tax the banks. Do you pay interest on a mortgage, or credit card? Interest is bank **profit**

Wednesday 14 October 2026 7:30pm-9pm ALL WELCOME

Banks have made huge profits while prices and cost of living soar up. The Positive Money campaign has called for a windfall tax on banks. Email your MP if you agree.

Come and tell us **your** views and experiences.
