SAFETY

Ison Contracting's exemplary safety performance is achieved through the implementation of our Integrated Management System and the plans and policies that stem from it. This IMS is designed to comply with ISO 4801, 14001 and 9001 requirements.

We believe the main pillars to upholding an exceptional Health and Safety record is the participation of all workers in planning and decision making. We encourage creativity and innovation when developing and amending processes and procedures. This, paired with a great attitude from our workforce toward safety has enabled **Ison Contracting to achieve a 0.000 TRIFR for over 3 consecutive years along with no environmental incidents.** We pride ourselves on this performance and continually strive to provide a safe workplace for our clients, employees, contractors and visitors.

PARTNERS

The high standard of the services we offer are based on sound values, strong work ethic and a deep commitment to the local communities in which we live and work.

Truly a local company, owner's Noel and Laurell Ison take great pride in promoting and investing in their community by employing local, procuring local and sponsoring local. Whenever an opportunity arises to engage sub-contractors or procuring supplies to complete a project, we always seek local resources first before looking elsewhere.

We are proud to be involved in our local community, its activities and events and we support numerous groups both financially and through encouraging our employees' participation in local activities.

Diversity and Community are more than just words to us. Our industry promotes diversity, understanding and acceptance and our values are strongly aligned with this principal. We actively promote a healthy and positive community, through encouragement and inclusivity of all genders, ages, cultures, work styles and beliefs.

We are committed to building strong relationships within the local Indigenous communities and creating opportunities for employment and procurement.
