

How Our Enrollment Works

Step #1- Come visit and see our program in action!

Step #2- Get on our waitlist by clicking on this [link](#).

Step #3- When we have a spot available we go to the first age-eligible child on our waitlist (we often give priority to the eldest child that has been on the list the longest) and offer the family the spot.

Step #4- If you accept the spot it will be secured by paying the enrollment fee.

Step #5- Fill out all paperwork (including Physician's form that you bring to a doctor's office for them to fill and sign) and bring with a copy of your child's Immunizations.
