

## BMRPA 22 Bench Rest Rifle Results

December 4, 2025 Showdown

Greetings 22 Bench Rest Rifle shooters,

This month's headline is; we finally got a perfect score on the red target. Congratulations to Walt who scored a 250-17X in the Expert category. The big move upward in December was Tom Paul's 249-11X first runner-up on the Green Target. Good job Tom. Lee grabbed another Red target win with a non-shoot off tie breaker between he and Walt. It is good to see the action picking up on the Red target again; it has been a frustrating target. This match closes out 2025 and our second full .22 rifle bench rest season. Thanks to all you shooters for your continued support and everyone who help with practices and matches. Dave and I could not do it without the help we get. If you get a new rifle for Christmas, there is plenty of practice time before the Winter Showdown in February 2026. Merry Christmas and see you at the range, Dennis
