

BMRPA 22 Bench Rest Rifle Results
March 5, 2026

Greetings 22 Bench Rest Rifle shooters,

The March match produced very impressive results. All targets were perfect scores for the first time. Two years ago, it would have been hard to imagine. David Shaffer shot the first Red target perfect score with a 250-18X; a new club record. Malcolm Brown had a remarkable day with 250-16X on the Green, placed on the other two targets, and two dead-eyes. Lee Thomas finished with a 200-14X on the Black Target. All three of these match champions move to the Expert level on their respective targets. It is very clear, once again, practice and working on rifle improvements lead to higher scores. We have all watched the effort it takes to be a match champion and runner up. Thanks to all who helped with the match.

See you at the range, Dennis

Green Target

Score

Qty X

Malcolm Brown	250	16	Match Champion , Dead Eye- <i>Moves to Expert Class</i>
